

## Msgr. Costello Receives Robes In Ritual

Rt. Rev. Msgr. Michael Costello, founder of Sacred Heart Catholic Church here, was invested in monsignorial robes in ceremonies performed by Most Rev. William A. O'Connor, Bishop of Springfield, at 11 a.m. yesterday at the church, 20th street and Washington avenue.

A "Mass of Thanksgiving" followed the ritual recognizing Msgr. Costello in his 50th year of priesthood. Msgr. Costello was celebrant of the mass. He was aided by Rev. Jeremiah Kirby of St. Gertrude's Church, Springfield, who was deacon, and Rev. Lawrence Wiskirchen, rector of the Diocesan Latin School, Springfield, sub-deacon.

Msgr. Costello's elevation was the first here since 1925, when the late Msgr. D. J. Ryan of St. Joseph's Church received monsignorial vestments, shortly after

Msgr. Costello began the Sacred Heart parish.

More than 600 clergy, parishioners and friends attended the ceremonies which started with a procession from the rectory. The march was composed of altar boys, followed by the choir, the clergy, and Springfield, Belleville, and St. Louis diocesan monsignors, attired in purple robes. Msgr. Costello and Bishop O'Connor were at the rear and passed through the ranks of the Knights of Columbus who stood at the entrance of the church with swords held salute.

Delivering the sermon was St. Patrick's Church, Decatur, and former pastor of St. Joseph's Church here.

Pope Blessing

Msgr. Powell read the papal

blessing from Pope John XXIII who had sent a personal communication on the occasion of the dual honors.

The Decatur priest praised Msgr. Costello for his devotion to his parish and the church in his 50 years as a priest.

He cited Msgr. Costello's efforts in leading drives to sustain the church through the depression years and constantly striving for betterment.

Following the ceremonies, a banquet was held for visiting clergy and friends, with Bishop O'Connor lauding Msgr. Costello in an address. The Bishop praised Msgr. Costello for his devotion to the church.

The Bishop also commended the quest of honor for his foresight and willingness to extend

## Payment Unknown To Board Challenged

### 3 GC School Directors Unaware Of \$1528 Cost Of Erecting Backstops

A second instance of information not transmitted to Granite City school board members touched off a controversy Tuesday night, with Members Homer Huber and Herbert Bischoff charging that President Robert Spengler has acted without following the previous procedure of polling all members.

Discussing a \$1528 payment to two ironworkers for erecting ball diamond backstops, Huber said, "Four members knew and three didn't know. I think that's an unfair situation; it's absolutely ridiculous." President for three years until defeated 4-3 in April, Huber added, "If it wasn't for this \$36 (welfare fund payment), I don't think we would have known about it." Spengler replied: "I had no desire to take the place of the board; I just acted in an advisory capacity."

Bischoff and Huber stressed that they were not left out of the backstop decision when it was made, but also were not told at the board meetings until discovering the \$36 item.

Questioning the administrative staff brought out the \$1528 payment, and Huber asked that full report on cost of backstops — a figure exceeding \$4000 — be submitted to the board at its next meeting June 27.

Earlier this spring, all facts relating to a payment to Guy M. Lahr Jr. were not brought out until detailed questioning of Huber. Lahr, who was on the board meeting, Lahr for the two years ending this spring was the "ironworkers' local," which has been active in school elections on behalf of the Spengler board.

### Roll Of Members

A poll of board members during Tuesday's meeting, requested by Huber, showed that Spengler had not notified all school employees on the backstop project. Huber, Bischoff and Secretary George Dulankas said they did not know.

Huber said, "Apparently the four of you discussed this, but I didn't know it was a private citizen, Fricker from employees and Sidham at the Bellemeare shopping center."

### Hours by the Ironworkers

Man-hours by the ironworkers were listed at \$36 and then changed to 368, with hourly pay of the two men given as \$4.30 and \$4.05, which Huber said was more than \$1 an hour more than school workers who started at \$3.00 an hour. Huber said he favors observance of union jurisdiction. He added that he feels partial responsibility for the dispute but was not informed of it.

### \$2300 Purchase

In action last July, the board purchased baseball backstops for GCES, Coolidge and Prather and softball backstops for Maryville, Wilson, Lake, Logan and Prather at a cost of \$2300.

The discussion began when Huber questioned the \$36 item in the bill list and Spengler said, "They stopped the job" after one day of work. Asking, "How did it come out for approval?" Huber said.

## GC Police End Investigation of Anderson Death

### DARRELL E. ANDERSON

Chief of Detectives Lawrence Anderson announced today that the investigation of Darrell E. Anderson's death was being closed after it was learned that Anderson had not been in the area of the fatal shooting on Wednesday morning.

"There apparently was no car involved and it is almost certain his injuries (a skull fracture and broken neck) were suffered while he was walking more than a hundred feet a few minutes before he was found in the street, and he did not appear to be injured at that time. We'll renew the investigation if the inquest findings are otherwise."

An investigation is continuing today in the death of 41-year-old Darrell Eugene Anderson, 1951 Maple street, father of eight, who died shortly after being found in the street in Nidringhaus avenue and 4th Walnut street at 8:30 a.m. yesterday.

Police Chief Raymond Wilk and Chief of Detectives James R. Lowder said Anderson's movements are being traced to determine if he was a victim of foul play. An autopsy was performed yesterday. Witnesses said they saw him fall twice, and an auto was seen

## Tax Collection Under Way In GC

Collection of taxes in Granite City, started Monday by City Treasurer and Collector Frank Spengler at the city hall, totals \$129,369, it was reported this morning.

The list of real estate and personal property tax bills were placed in the mail yesterday, Spengler reported.

The collection office on the second floor of the city hall is open from 8 a.m. until 5 p.m. Monday through Friday, and from 8 a.m. until noon Saturday to accommodate taxpayers.

The amount to be collected this year is \$5,410,072.

## Levee Bond Power And Lake Park Bills Near Passage

Reached at his office in the Capitol building this morning, State Rep. Lloyd "Curly" Harris told the Press-Record the legislative session already underway for the day would consider final passage on at least two bills important to the Quad-Cities.

Advancing to the passage stage in the House today is the bill designed to temporarily increase the non-refundable bonding powers of the East Side Levee and Sanitary District, to provide funds for Granite City's master drainage program and another appropriating \$350,000 for development of the local Horseshoe Lake area as a state park.

Rep. Harris said both bills are set for "third reading and passage. We're in a bit of a jam up here and we're doing our best to advance bills to the final passage stage."

"I don't know exactly what today will bring for I haven't seen today's calendar yet, but I'm almost certain these bills will be passed."

### Undergo Surgery

The following are recovering at St. Elizabeth Hospital from surgery which they underwent this Thursday: Sharon Blatz, 2309 Elm street; Lionel J. Gonzalez, 1517 Collinsville avenue; Madison; Mrs. Anna Kondrat, 1540 Seventh street; Madison; Mrs. Anne Hogan, 5313 Franklin avenue.

## Madison Avenue Widening To Proceed

### \$284,349 Contract For Madison Project; Plan Meeting On Detours

A pre-construction conference between Madison city officials, state engineers and the contractor will be called to iron out problems to be met when work begins on the Madison avenue widening and resurfacing project, Mayor Stephen Maerz said at the Madison city council meeting Tuesday night.

The mayor's announcement came after he learned that a contract for the job was awarded earlier Tuesday in Springfield to General Contracting Co., 2200 Monroe street, which submitted a low bid of \$284,349.

The meeting will be held, Maerz said, in an attempt to minimize inconvenience to merchants, map detour routes for traffic and discuss other matters not covered in the contract.

The contract calls for the street to be widened three feet on each side from the north to the south limits, with a four-foot median divider strip separating six lanes — four for traffic and two for parking.

### Remove Trucks

Curbside parking is to be retained, and almost all new sidewalks will be installed. Street car trucks are to be taken up. Utility standards already have been set back, with the city and Illinois Power Co. sharing the cost of about \$10,000, Maerz said. This will enable sidewalks to be narrowed.

Newly constructed sidewalks will be retained and are to be saved, he said, but the old sidewalks are to be replaced because they would tend to crumble when sawed.

The trucks are to be replaced with nine inches of base material, with a one-inch base layer across the entire street. The top layer, also one-inch thick, is to be of bituminous surfacing, he said.

A new stormwater drainage line will be placed in the center of the street and is included in the contract.

Madison is to pay one-fourth of the contract cost, while the

## Mitchell Water System Bid Award Within 2 Weeks

Contracts for construction of the Mitchell Public Water District system and the sale of \$640,000 revenue bonds is expected to take place within two weeks, it was announced following Monday night's construction bid opening.

William Beatty, attorney for the water district, said start of the project is to be scheduled within 30 days after the contract award.

Apparent low bidder is E. A. Weibel Co. of East St. Louis, with a figure of \$432,416, which is under the \$500,000 estimate set by the engineering firm of Shoppard, Morgan & Schwab. The Weibel firm recently installed a similar system in the Port of New Orleans.

Beatty said the sale of revenue bonds to the Chicago bond market of Nongard, Shover & Murray at 5 1/2 percent, probably will be in the full \$640,000 amount to allow for possible extensions of the water lines. The decision is to be made during a final meeting of the board of trustees expected to be called within two weeks.

Bids for the project construction were opened during a meeting.

### Says Law Unenforceable

William B. Stubbs of Alton opposed adoption, saying he did not want tavern operators to be arrested. He referred to late operation on New Year's Eve, which he said has become traditional. Commenting that many are not satisfied with the law as it exists, he suggested that the hours be extended to accommodate "the drinker."

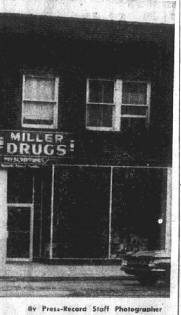

The existing law requires taverns to close at 1 a.m. on weekdays and at 2 a.m. on Sundays.

Robert M. Miller of Alton said it is unfair to have an earlier closing hour in unincorporated sections than in some cities, while Milton Allen, Granite City township assistant supervisor, said he could not see a connection between the closing hours and the ordinance under consideration.

It was pointed out (in the discussion) that the law is unenforceable.

## Sewers Unable To Cope With 1.80 Rain; Traffic Stalled

A 1.80-inch downpour between 2 and 3 p.m. Tuesday virtually stopped all traffic in Granite City as sewers again proved inadequate to carry the water away.

Streets in the downtown business district and in residential areas were completely inundated, with water flowing over the sidewalks.

Numerous cars were seen stalled by the high water, and pedestrians were forced to either seek shelter or remove shoes and stockings and go wading.

City officials currently are studying a multi-million dollar master sewer and drainage program, and legislation is pending in Springfield to give the East Side Levee & Sanitary District additional bonding power to finance approximately \$10,000,000 in trunk lines and ditches for the proposed program.

Tuesday's rainfall totaled 1.85 inch, but Lockmaster Roy Elliott at Chain of Rocks canal locks 27, where the local rain gauge is maintained, reported 1.80 inch fell in the period of one hour Tuesday afternoon. So far this month, 3.57 inches of rain has been recorded for the Quad-Cities.

### Strong Wind, Lightning

The rainstorm was accompanied by strong winds and lightning caused scattered disruptions of electric and telephone services.

A spokesman for Southwestern Bell Telephone Co. said water caused scattered cable trouble with about 200 telephone lines knocked out of service. Most of the repairs were completed by 10 p.m.

Minna Powell, also reported scattered trouble calls, with about 30 to 40% of the downtown business district without current for approximately three minutes. Other service failures were of short duration, a spokesman for the company said.

Last night's strong winds also caused some damage in the area, with large tree limbs falling. A family in the 2600 block of Cayuga street reported to police at 12:15 a.m. today that a limb had knocked down electrical lines to the house.

### Thieves Steal Wallet, Pair of Shoes Here

Emmett Wohle of the YMCA reported to Granite City police Monday that his wallet containing \$60 and personal papers had been stolen from his room. He said he awoke in time to see the door to his room close. The door was unlocked.

A thief who apparently needed a pair of shoes and knew where to find his size, broke into the home of A. T. Jefferson, 212 Terry street, Eagle Park Acres, it was reported at the sheriff's office at 5 p.m. yesterday.

Taken were the shoes, size 11 1/2, a table model radio and an electric fan. Entry was gained by forcing a rear window, authorities said.

### Boys Boys Raft

Tuesday afternoon's rain had one humorous aspect when 17-year-old Howard Helman paddled a small raft across 19th street and the craft nearly swamped.

Helman, who is working at his parents' store, Helman's Style Shop in the south side of 19th street, was stranded on the north side at 19th and Edison avenue.

After waiting about 30 minutes, he mentioned to friends that he should get back to the store, and with their financial aid bought a small raft at a variety store.

He crammed his six-foot, one, 175-pound frame in the small raft and set out. Halfway across the raft tipped and began seeping water. However, Helman paddled vigorously and made it to the sidewalk.

The boy was thrown off the bicycle, striking the auto windshield and hood and suffering a bump on the head.

It is said that makes right, but it is never satisfactory to both parties.

## Merchants At Springfield; Display Tax Protest Signs

Sitting in the state legislature gallery and displaying signs opposing the proposed sales tax increase, a group of about 39 local merchants took their case against the tax bill to Springfield on Monday afternoon.

Although unsuccessful in their attempt to speak on the floor, Homer Haber, spokesman for the group, said "they knew we were there."

Ushers later asked the local merchants to remove the signs. The House adjourned at 7:30, just as the retailers were hoping to be heard. The representatives began discussion of the tax increase bill about 4:15 p.m., an hour after the group arrived in the state capital.

Before the general discussion began, the group was able to contact the House members from this area—Representatives Lloyd

"Curly" Harris, Ralph Smith and Paul Simon. Smith and Simon both oppose the tax increase, Harris said publicly Monday that he "had not made up his mind."

The merchants, joined by about 150 businessmen from border cities around the state, returned Monday evening. Three from the area had earlier attended meetings of the state Senate.

Among the speakers at the Monday session were Joe Meek, executive officer of the Illinois Retailers' Association, who pre-against the bill, and a representative of the state revenue department who argued the need for increased taxes.

Alvin Barnes, Jr., executive director of the local retailers' association, said passage of the tax increase would pose "a vital threat to all area citizens."

**Pair Who Killed Seven Will Be Tried In Kansas**

Two AWOL soldiers who left a string of seven victims behind them, including two in Madison county, in a two-week-long robbery and murder swath through five states will be tried for murder in Kansas.

James D. Latham, 19, and Gerald R. York, 18, who have confessed to the seven slayings and thought they had committed an eighth murder, will be tried for the slaying of a Wallace, Kan., employee of the Union Pacific Railroad, Otto Ziegler.

Kansas was one of three states which had sought the right to hold trial for the confessed slayers. Officials from Florida also sought extradition of the pair for the slaying of two women in that state.

Madison County State's Atty. Dick H. Madge Jr., together with Illinois State Police Capt. Emil J. Tuffant, had flown to Salt Lake City, Utah, where the confessed killers were being held, in an effort to return them here for trial.

Latham and York earlier confessed they killed Albert E. Reed, 36, of Litchfield, and 69-year-old Martin Drenovac, operator of Twin Oaks restaurant-service station.

### Softball, Baseball, Racing Postponed Due To Wet Weather

The Granite City park district's baseball and softball league games scheduled tonight have been postponed due to wet grounds. Park Recreation Director Harold Brown said this

morning. Games of Tuesday and Wednesday night also were rained out.

Rescheduled for Sunday were three Teenage league softball games which were to have been played last night. Sacred Heart will play the YMCA at 6 p.m., Bowland and Roca Gold chapter at 7:05, and Rick's Market and Roca Black at 8:10.

Other rained out games have not yet been rescheduled. Rain

also forced cancellation of the first stock car races at the Tri-City Speedway Tuesday evening.

Track co-owner Glen Hollis said parking facilities there are being improved and an 11-race card is on tap for next Tuesday evening.

Granite City's Class AA softball club was rained out of its Fox Park game with Thurmer's last night. The local club also was rained out last week.

### Boy On Bike Hits Car Today, Goes To Hospital

Charles Jones, 11, of 700 West Washington street, West Madison, is being treated at St. Elizabeth Hospital this afternoon after his eastbound bicycle collided with the northbound auto of George Spearman, 20, of 812 West Jefferson street at 11:50 a.m. today at West Second and West Washington streets.

The boy was thrown off the bicycle, striking the auto windshield and hood and suffering a bump on the head.

It is said that makes right, but it is never satisfactory to both parties.

**KIDNEY-SHAPED HOLE**, some 12 feet deep, marks location of a break in a 15-inch sanitary sewer line in the 3600 block of Terrace lane. Break was discovered early Sunday morning, and street closed to traffic. Heavy rains Tuesday prevented contractor employed by city from beginning shoring-up and digging-out operations to discover source of trouble. Break is in a section of the Nameoki sewer system located some 16 feet below surface at this point.

**Crash Injured Improving**

Sammy Deloach, 30, Flint, Mich., and Ruby Nell Johnson, 31, East St. Louis, survivors of a Bypass 40 auto crash fatal to four persons June 9, continue to show improvement at St. Elizabeth Hospital. It was learned today. Both were injured seriously. Victims were four Edwardsville residents, Wardell Bradley, 49, and James Crump, 36, both bodycarriers at Granite City Steel Co.; Mrs. Fannie Moore, 30, and Mrs. Margaret Smith, 30.

**Rain Delays Repair**

**Of Sewer Line Break**

Barring further rain, contractors employed by the city will begin repairs on a 15-inch sanitary sewer line break in the 3600 block of Terrace lane today. Al Pearson, resident engineer for Granite City, said today.

A break in the line was discovered about 1 a.m. last Sunday, Pearson said, and is located directly in the center of the street. A gaping, kidney-shaped hole appeared in the street shortly thereafter, and the 3600 block of Terrace lane remains closed to traffic.

The line along which the break occurred lies about 16 feet below the surface of the street, and is part of the Nameoki sanitary sewer system. It runs to a lift station on Terrace lane, and is still in service today despite the break, Pearson said.

Workmen from the Seebold Trucking & Excavating Co. were scheduled to begin driving shoring piling and digging out the 12-foot deep hole today.

Pearson said an investigation also is to be made during repairs to determine if the sewer line lies below the level of the water table, and if seepage could have been partly responsible for the street cave-in.

**Jennison-Wright Corp.**

**Strike Continuing**

The Jennison-Wright Corp., 22nd street and the railroad tracks, was still being picketed this morning by members of United Brotherhood of Carpenters & Joiners of America who are on strike seeking wage increases.

Cloyce Hensley, president of Local 2953, said this morning that there were "no new developments" at a regular meeting of the local held last night. "The next move will be up to the company," he added.

Members of Local 2953 went on strike at the close of the working day last Friday in a dispute with the company over the issue of a new contract. They have picketed since Monday morning.

A spokesman for the Jennison-Wright firm said this morning that the company is waiting to hear from a committee representing the strikers. About 40 members of the local are employed at the plant.

A two-year contract, with scales ranging from \$1.62 to \$2.50 per hour, expired June 3. The company and union have been negotiating a new contract since May.

The union is seeking a new one-year contract with a 25-cent hourly wage increase. Details of the company offer have not been disclosed, but Hensley said it included four-to-six-cent hourly wage increases in a two-year contract.

**\$5000 Injury Suit**

A \$5000 damage suit has been filed in the circuit court by Edith Garrett against the city of Venice for multiple injuries allegedly suffered June 27, 1960, in falling partially into a city manhole at 4111 Mercedia street. Negligence in placement of the manhole lid is charged.

**Dog, Baseball Injuries**

Injuries treated in the emergency room of St. Elizabeth Hospital Wednesday were a dog bite, a baseball accident and a fall at work. Stephan Jenkins, 8, of 2427 Madison avenue, was released after the dog bite he had received had been cleaned. A tipped baseball struck 14-year-old Shelton Hendricks, 1131 Ed-

wardsville road, over the right eye and three sutures were needed to close the cut. Falling from some steps while at work at Johnson Music store, William

Campbell, 25, of 2417 Benton street, wrenched his foot and x-rays were taken.

TR. 7-6488

Mrs. William Ebersold, 804 Third Street, motored to Carbondale Tuesday and returned with her son, Neil, a student at Southern Illinois University, who will spend the summer vacation with his family.

They were accompanied on the trip home by a classmate, Peter Benelli of Bayonne, N.J., who later continued the trip to his home by plane from Lambert Airport.

## ILLINOIS TOUR BY JUNIOR AUXILIARY UNIT

Members of the Venice-Madison American Legion Post 307 Junior Auxiliary attended a Department of Illinois Junior Conference during the weekend. They were accompanied on the trip by the sponsors, Misses Dorothy and Norma Hinson, and Mrs. Dorothy Bergrath.

They attended a meeting on the campus of the University of Illinois, viewed a rock garden in Aurora, Ill., and traveled to Arthur, Ill., to observe the way Amish people live.

On the return trip Sunday, the group stopped in New Salem to view the home of Lincoln. Those making the trip were: Gene and Judy Johnson, Margaret Ann Taylor, Shirley Taylor, Mary and Jean Bergrath, Ellen Douglas, Sharon Lelenewski, and Sophie Ann Yurkovich.

all of Venice and Madison, and Cynthia Mendez of Fairmont City.

## LUNCHEON FOR CLUB

Mrs. Kathryn Fellers was hostess to the Lepine club Monday evening in her home, 1730 Fourth Street, Madison. The evening was spent at games, and prizes were awarded to Mrs. James O. Anderson, Myrtle Fields, Mabel McGee and Hazel Painter.

A two-course luncheon was served to the above and Mesdames Naomi Bolling and Audrey Brown and Miss Catherine McGee. Hostess for the next meeting will be Mrs. Jessie Oehler.

## Area's Birthrate Drops, Deathrate Up During May

Quadrant area vital statistics for May showed the lowest birth rate and the highest death rate of the year.

Records maintained by Granite City Clerk A. L. Stevens show 87 births, a drop from 109 in April, and 45 deaths, an increase over April's 34.

The 87 new arrivals also was the lowest number in four years, since 85 births recorded in May 1957. The death rate was the highest since August 1959, when 45 also were recorded.

Area vital statistics for the first five months of the year now stand at 533 births and 171 deaths, as compared to statistics

of 535 births and 168 deaths during the same period in 1960.

A breakdown of births and deaths by months follows: January — 131 and 38, February — 110 and 32, March — 96 and 25, April — 109 and 34, and May — 87 and 45.

## NEW CITY?

Though it has a recorded history going back to the 13th century, Warsaw, Poland, is one of Europe's newer cities. About 85 per cent of this capital city was destroyed in World War II. Rebuilt on the ruins, the new city now houses more than a million.

ART WORK by four sixth grade students at Lake school, shown here with instructor Edward Meng, has been selected for display at the Illinois State Fair. Their abstract water color paintings, along with those of 29 other lake school students, are on display at the Granite City public library. Young artists are (left to right) Donald Bode, Raymond O'Beir, Paula Beck and Barbara Sedabres.

## Port Authority Amendments Pass House, Go To Senate

Commissioners of the Tri-City Regional Port District are anxiously awaiting final approval in Springfield of amendments to the district's original legislation that will clarify and re-define terms to permit the issuance of the district's first revenue bonds.

During a meeting Monday, it was reported that amendments had cleared the House and were virtually assured of approval by the Senate either this week or next week.

With the signature of the governor, the board will then proceed with the \$12,000,000 to \$20,000,000 revenue bond issue to begin the first stages of development of a \$20,000,000 to \$30,000,000 marine port on the Chain of Rocks canal at the north end of the harbor site.

The commissioners are in the final stages of securing a number of firms wanting to locate at the port, which will feature high speed loading and unloading facilities designed by Port Manager John Barron, retired cost guard commander.

Names of the firms cannot be disclosed at this time, the port officials said. The amendments sought by the firm handling the district's revenue bonds would exempt the property of the port authority from taxation, authorize leasing of property to industrial and commercial interests, authorize the sale of bonds in a manner prescribed by the authority, limit interest on the bonds to 5% and enlarge upon definitions of the terminal facilities.

SPEAKER at the First Assembly of God Church, this weekend will be Andrew Hargrave, manager of the Gospel Press in Nigeria, West Africa.

## Head of Gospel Press In Africa To Speak Here

Andrew Hargrave, manager of the Gospel Press in Nigeria, West Africa, and the Rev. W. L. Thornton, pastor of the New Life Temple in Hong Kong, will be guest speakers at the new First Assembly of God Church, 24th street and Grand avenue, this Sunday.

Both men will appear at the 10:45 a.m. and 7:30 p.m. services. Hargrave also will speak on Saturday night following showing of the anti-Communist film, "The Crimson Shadow."

Hargrave has spent 15 years in Brazil and Nigeria setting up printing presses resulting in the printing and distribution of millions of pieces of Christian literature.

In addition to his printing responsibilities in Nigeria, Hargrave started a church in Ibadan, Nigeria, which is now entirely indigenous, pastored by a Nigerian national and averaging above 600 in Sunday school attendance.

Rev. Thornton has pastored the Parkway Assembly of God Church in Indianapolis, Ind., for the past seven years and will assume pastoral duties in Hong Kong the latter part of July.

Pastor Paul A. Evans reports the public is invited to each of the services.

## Junior Legion Squad Begins Play Tonight

Mathews Chevrolet, Tri-City American Legion Post 113's entry in the 22nd district Junior Legion baseball program, will open its season at 6 p.m. today at Leclair Field in Edwardsville, opposing that city's Post 159 team.

Mathews Manager Joe Sumers said he plans to start either Bill Lierman or Grant Takman on the mound in the first game. Ken Cook will work behind the plate. The Mathews roster includes 16 players.

On Friday at 6 p.m., Post 113 will play its first home game of the season against Collinsville at Lee Park in Venice. Following will be home games with East Alton June 21 and Edwardsville June 26.

At the conclusion of the six-game regular schedule in the northern half of the Junior Legion loop, that division's champions will meet the southern division titlists in a best-two-out-of-three series for the 22nd District title.

Southern division members include Waterloo, two East St. Louis entries, Mascoutah, Centerville and Belleville.

Coaches on Summers' staff this season are John Cynkovich and Bill Martin. Post 113 plans several Saturday afternoon exhibition games at Wilson Park in addition to the league contests.

## Khoury Play Will Open Monday In Madison

Final preparations for next Monday's opening of the Madison Khoury league baseball season will be made tonight at the Sportsman's club during a meeting of league personnel and team managers.

Madison Summer Recreation Supervisor Bob Page said this morning that it is most important that team managers attend the final pre-season session, which will begin at 8:30, since player rosters must be turned in at this time and practice game schedules will be discussed.

Sixteen teams, four in each age group, will comprise the baseball program this summer, which is sponsored by the Madison Lions club. The league opening has been delayed several weeks due to a shortage of teams in the Aton division.

Page reported that the league's four diamonds have been put into playing shape by John Onesty, who will be in charge of field maintenance this summer. Monday's games, all at 6 p.m., will match Save-Mor Pirates and Lion Cubs at Second street and St. Mary's Saints and St. Mary's at 13th street, both in the Bantam division; and Lahey's and St. Mary's Vikings at Third street, and Madison Police and Eagle Park, at 12th street, both in the Midget division.

Page said four games will be played each night, Monday through Thursday, with Friday evenings to be reserved for the make-up of rained-out contests.

## Jaycees Stage Track, Field Meet Today

Beginning at 5:30 p.m. today, youngsters in three age groups will compete in the Granite City Jaycees' Junior Jambooree track and field meet at the Granite City high school athletic field. The meet, with winners of the various events eligible to advance to the Jaycee district competition, is being staged in cooperation with the Granite City park district, and youngsters attending the park's summer recreation program are being urged to compete this afternoon.

Registration for the events is to begin at 4:30 p.m., Chairman Phil Hogan of the Jaycees said. Track and field events will be identical for boys and girls in each division. Running events will include the 25 and 50-yard dashes and 220-yard relay for midgets (10-11); 50 and 75-yard dashes and 220-yard relay for juniors (12-13); and 50 and 100-yard dashes and a 400-yard relay for intermediates (14-15).

Field events will include the broad jump and baseball throw in each division, plus the high jump for intermediates. Each child may compete in one running and one field event, plus the relay.

It has not yet been announced which one of six Illinois district meets will accept today's winners. District winners will go on to the Jaycee state final in Champaign Aug. 18-19, as guests of the Illinois Youth Commission. About 80 local Jaycee organizations are staging the meets in Illinois, Hogan said. A spokesman for the Jaycees said this morning that should rain prevent the meet from taking place today, it will be rescheduled for 5:30 p.m. tomorrow.

## Pirates To Hold Tryout Camp

The Pittsburgh Pirates will conduct a baseball tryout camp for players 16 years of age and over June 22 and 23 at Fletcher Field in Collinsville, area scouts for the major league club said today.

The tryout camp will be open at 9 a.m. each day. Players should bring spikes and gloves. Junior American Legion team members must have written permission from their managers in order to participate in the tryouts.

The camp will be conducted by Pirate Scouts Chuck Weiss, Joe Grace and Paul Tretlak.

## Scout Leaders Hold Monthly Roundtable

Univah district boy scout leaders and their wives met in Wilson Park yesterday evening for their monthly roundtable meeting and supper.

After the supper the group of 42 moved to the First United Presbyterian Church for a film shown by District Executive Dan Brown. Attendance award was presented to Troop 122 of the Wilson School PTA.

Roundtable Commissioner Elmer Eckert awarded organizers' certificates to Mr. and Mrs. Dave Parrish for organizing Club Pack 99. Mrs. Charles Rodell led in games.

Johnny Sellers, Carry Back's regular jockey, first rode at Churchill Downs in 1955.

## City's Expenses In 1960-61 Year Totaled \$1,608,439

Appearing elsewhere in this issue is the legal publication of the city of Granite City's annual financial report for the 1960-61 fiscal year showing expenditures of \$1,608,439, a gain of \$65,458 over the previous fiscal year.

The report, prepared by Comptroller John Doher, notes the completion of the city's new fire station at 22nd street and Madison avenue during the 1960-61 fiscal year with a final payment of \$57,566 on the \$336,000 structure.

The comptroller also pointed out that \$32,945 sales tax funds were spent for special improvement projects — \$4340 for a storm sewer on Melrose avenue, \$23,034 for repaving Cayuga street and \$5481 for a storm sewer along Franklin avenue.

"Exclusive of the final amount paid on the new fire station," Doher said, "General fund disbursements exceeded income in the amount of \$35,909."

The amount received for the general fund from taxes in the fiscal year was \$792,947, and the amount of receipts other than taxes and excluding transfers was \$249,940. In addition, the city received \$13,500 interest on city funds temporarily invested.

**Parking Meter Funds**  
The balance in the parking meter fund at the beginning of the fiscal year was \$50,282, receipts amounted to \$41,385 and total disbursements were \$38,758, leaving a balance of \$53,129. Ex-

traordinary expenses paid out of the parking meter funds were the final payment for enlargement of the St. Clair avenue bridge, \$3088; for installation of traffic signals at 27th street and Madison avenue, \$10,442; and for appraisal of prospective off-street parking sites, \$3365.

Doher's report shows a balance of \$1,042,887 at the beginning of the fiscal year of \$81,059 with receipts amounting to \$1,042,887. The balance at the end of the fiscal year of \$170,872. Among expenses paid from sales tax were \$6000 for cleaning the East 20th street sewer, \$6000 for the Southern Illinois University government study, \$7667 for catch basin cleaning equipment and \$10,501 for a sewer line to the new R. C. Cola plant. This year, it is anticipated \$100,000 will be needed to repair the 20th street 51-inch sewer line between Omaha and Iowa streets.

The city's general fund income transfers of funds, included \$357,148 general purpose taxes, \$16,621 fire protection taxes, \$107,243 garbage collection taxes, \$32,678 water taxes, \$49,288 street lighting taxes and \$78,949 street taxes; and \$2599 paid to the city by the Granite City Housing Authority in lieu of taxes.

Other income for general pur-

poses included \$65,877 from licenses, fines and rentals going to the street department, \$84,962 from licenses and permits going to other departments, and \$95,842 tax collection fees.

## Officials To Draw Up Madison Budget Tuesday

The finance committee of the Madison city council will meet at 7 p.m. next Tuesday to set up the budget for the 1961-62 fiscal year, Mayor Stephen Maeras said at a council meeting Tuesday night.

The committee, headed by Second Ward Alderman Charles McMahon, also includes Fourth Ward Alderman Christ Costello and Fifth Ward Alderman John Haynes. The budget is to be adopted by July 11.

In other action, the council approved surety bonds of \$2000 each for all members of the special police force appointed in a May 31 meeting by Maeras. Some were based on personally owned property and all others were from the Maryland Casualty Co.

Attending the session was Donald Reeves, former Madison newspaper distributor and an employee of the city-owned Chain of Rocks bridge, who is a candidate for First Ward alderman, a post made vacant by the resignation of John Bridick early

### 4-H Clubs To Wash Windshields For Safety

Local 4-H club members will join others throughout the county Saturday in reminding motorists to drive safely.

About 125 local boys from five clubs will wash windshields in supermarket parking lots from 10 a.m. to noon on Saturday, according to Louis Bower, assistant farm advisor for Madison County from the University of Illinois.

As part of the no-charge safety project, the drivers will ask drivers for permission to clean their windshields with water and paper towels while they shop. When the window is washed, the boys will place a tagged sticker under the windshield wiper, noting the safety campaign.

The tag will read, "Be a sucker for safety," and will urge drivers to be more careful both on the road and in the home.

The Sand Prairie group will be at the A & P store. Their leader is Mrs. Paul Staudacher. Mrs. Carl Paul's Harmonettes will work at National Food stores. The Fifty-Eighters and the Quad-City Sunrise, led by Mr. and Mrs. Robert Bray, will be at the Belleme Village shopping center.

The fifth group, the Merry Mitchellettes, is led by Mrs. Edw. Schilling Jr., and will participate at the Kruger store.

**Speeding Ticket**  
James E. Bradford, 24, of 2638 Missouri avenue, was issued an arrest ticket last night on a charge of speeding. He posted his driver's license as bond and was released by Granite City police.

### Summer Projects Pared For Possible Prather Addition

Discussing the possibility of a nine-classroom addition to Prather Junior high school on West 25th street next year, the Granite City school board pared summer building and campus improvements Tuesday night in a continuing economy effort.

Projects totaling \$46,000 were authorized and are to be deferred for further study and possible later action.

Supr. Harold M. Kaiser said the Prather building—opened a year ago—is designed for eventual addition of nine rooms. Saying the work might cost \$100,000, he advocated that an attempt be made to earmark enough for this purpose in the district's building fund.

Projects listed for completion this summer were the following: Apply grade-8 stone to drives and parking lots. Some to be stockpiled. Obtain partial delivery on painting supplies, glass and glazing.

**Roof Repairs**  
Apply two layers of 15-pound asbestos felt in hot asphalt to the roofs of the GCIS connecting building, boiler room and locker rooms; gymnasium at Stallings, Mitchell and Nameoki grade schools; the Emerson addition; the Logan annex; and the north section of Washington school.

Completely resurface the three GCIS tennis courts with a one-and-a-half-inch coating of blacktop.

GCIS—sound system repairs.

Wall cabinets, vocational building shades or blinds, electric outlets in three rooms and fluorescent lights in the machine shop.

Prather Junior high—ventilation and heat for one room and an air-conditioner for the electric area.

Central junior high—electric outlets in 18 classrooms and 89 more student lockers.

Emerson—two drinking fountains, a sink and six restroom units.

**Blacktop Projects**

Frohardt—new blacktop play area, boiler room ventilation and a hood and vent over the kitchen stove.

Logan—fan ventilation in boiler room.

Logan annex—blacktop play area.

Marshall—re-tube the boiler electric outlets in five rooms and a water cooler.

Maryville—70x100-foot blacktop surface.

Mitchell—venetian blinds at 54 window openings, parking lot improvements, a new kitchen entrance and kitchen enlargements.

Nameoki—Water coolers.

Niedringhaus—repairs to blacktop area through an over-lay.

Stallings—new entrance and kitchen enlargement, exhaust fan in kitchen, three vandal lights and screens over the rear windows.

Washington—re-tubing of boilers.

Webster—35 new window shades and rearrangement of cafeteria.

Wilson—new 70x100-foot blacktop area.

**Interior Painting**

Summer painting was scheduled Tuesday night for all Coledge second-floor classrooms, new Frohardt classrooms, Central concrete floors, Logan annex floors, Prather gymnasium walls, Mitchell classrooms and corridors, Logan interior woodwork varnishing, McKinley floors and woodwork, Nameoki church classrooms, Maryville and Wilson kindergarten rooms, Marshall cafeteria and kitchen and at GCIS, a vocational building, corridor, steps and landings, library, front entrance, classrooms in new addition, gym shower and locker rooms, girls' rhythm room, gym wainscot and Room 102.

Two painters were hired effective yesterday and two more are to be added June 26.

Exterior painting at new and renovated schools was discussed, with a decision reached to contact the architect and suppliers on the condition of metal windows and door frames. Further discussion is planned for the June 27 meeting.

### Four Finalists For Roca Summer Sweetheart

Members of the Black and Gold chapters of Roca Young Men's club have selected four finalists from a field of candidates for the title of Roca club "Summer Sweetheart."

The chapters' membership will meet again Tuesday night at the Moose Club for a final sweet-heart vote, and the young lady selected will be introduced at a joint chapter orchestra dance to be held Friday, June 22 at the banquet room of Big Top Bowl.

The finalists are Theresa Griffith, Vickie Andria, Gail Holly and Sandra Johnson. The sweet-heart selection will reign over summer social activities of both chapters.

### Auto Hits Parked Car

Vance Reznack, 60, of 2928 Clark avenue, reported to police about 1:10 a.m. today that he was blinded by the lights of an oncoming car while driving south in the 2200 block of Missouri avenue and crashed into a parked car belonging to Keith Turner of Olive street. No injuries were listed.

### Two Speeding Arrests

Two motorists, arrested about 1:45 a.m. Wednesday by Granite City police on charges of speeding, were released upon posting their driver's licenses as bonds. They were Joseph Papa, 22, of 905 Lee avenue, Madison, and Peter Jateff, 18, of 1735 Olive street.

### Driver In Accident Faces Traffic Charge

A charge of failure to yield right-of-way was placed against Austin Allen, 43, of 2131 Grand avenue, who was involved in a two-car accident at 76th and State streets. He posted his driver's license as bond.

Police said Allen was driving east on 16th street, while the other car was being operated north on State street by Victor Perry Miller, 19, all of St. Louis.

D. Strubberg, 25, of 104 Grenzer Homes, Madison. No injuries were listed.

### 5 Men Arrested On Disturbance Charges

Five Missouri men soliciting subscriptions about 9 o'clock last night were taken into custody in the 2000 block of Sunset and charged with peace disturbance.

Each was released on \$16 cash bail. They were Donald Spear, 24, Marvin Atterguy, 20, Jerry Miller, 19, all of St. Louis; Peter Rozier, 20, of Kirkwood; and Mike Swank of Webster Groves.

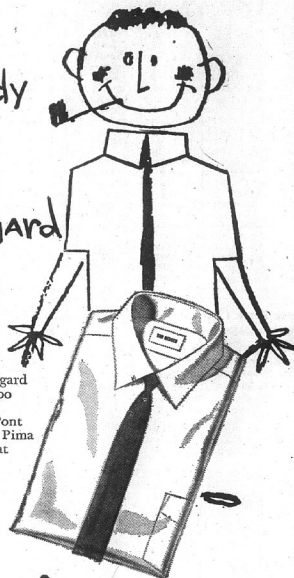

### Father Of Elbert Kilmer Succumbs Yesterday

### Annual Dinner For Members Of St. Mary's PTA.

The annual banquet of St. Mary's Parent-Teacher Association was held Monday evening at the Trailways restaurant. Dinner was served to members, a guest, Mrs. Helen Star, and Rev. Sylvester Niek and Rev. Engelbert Biem of St. Mary's Church.

The retiring officers, Mrs. Dorothy Bergrath, Mrs. Ann Herman, Mrs. Betty Dobrowski, Mrs. Dolphine Tutka, Mrs. Louise Papa, and Mrs. Betty Hulva were presented with gifts from the PTA.

The retiring president, Mrs. Bergrath, introduced the incoming officers for the new school term, Mrs. Genevieve McClure, president; Mrs. Wanda Schewe, vice-president; Mrs. Theresa Sanders, secretary; Mrs. Lee Krpan, assistant secretary; Mrs. Frances Steiner, treasurer; and Mrs. Polly Tutka, chaplain.

At the conclusion of various discussions, a social evening was enjoyed with card games played.

MOTHERS ARE GUESTS  
OF CLUB MEMBERS

Third Wednesday club members entertained their mothers and invited guests with a dinner served in a private dining room of the Rose Bowl Monday evening.

The tables were adorned with bouquets of fresh flowers, and favors of ballpoint pens decorated with flowers were at each place setting. Mrs. Ruth Polson and Mrs. Irene Gavick, members of the club, planned a pink carnation corsage on each guest entering the dining room. Immediately after the dinner the group attended the opera in St. Louis.

Those attending were Mrs. Irene Gavick and her mother, Mrs. John Urban, Mrs. Lavelle Stephens and mother, Mrs. Ella Quinn, Mrs. Ruth Polson and mother, Mrs. Cecil Dant, Mrs. Charlene McCracken and mother, Mrs. Lola Price, Mrs. Dolores Polson and mother, Mrs. Pearl Leeman and sister, Mrs. Mike Naglich, Mrs. Audrey Noyce and mother, Mrs. Wilma Sackett and sister, Mrs. Charles Goff, Mrs. Tanasika McElhan and mother, Mrs. Pete Tsonetti, Mrs. Dolores McElhan and mother, Mrs. Edith Collins, Mrs. Gail Moore and daughter, Miss Janet Moore, Mrs. Eleanor Harlow, Mrs. Nora Birtley and Mrs. Joan Brewer and her mother, Mrs. Harry Summers, formerly of Madison, who is now residing in Indiana.

Members of the club and their families are having a picnic at Dant's farm in Edwardsville on July 9. A monthly meeting of the members will be held July 26 at the home of Mrs. Polson, 2955 Ralph street.

Delray Rebekah Lodge 788 met Tuesday evening at the Oak Fellows hall in Madison, with 16 members responding to roll call. The noble grand, Mrs. Verna Williams, presided over a short business meeting.

WILLIAMS-BOSTON  
WEDDING ANNOUNCED

Announcement was made Sunday at a graduation dinner party held in honor of Miss Alice Boston, daughter of Mr. and Mrs. Bernard Boston, 5017 Lakeview drive, of her secret marriage to Donald Williams, son of Mr. and Mrs. Nevel Williams, of Madison. The ceremony was performed by Rev. Daniel of First Baptist Church in Cairo. Dinner was served at the Boston home to Mr. and Mrs. Herchel Terhune of Petersburg, Ill. Mr. and Mrs. Lester Lessman and son, Gary, Harvel, Ill. Miss Barbara Borders, Belleville, Mo. and Mrs. James Molohon, and Mrs. Bruce Molohon, and Mrs. Jerry Wood and children, all of Wagoner, Ill. Mr. and Mrs. Chester Burkey and children, Bryce D. Boston of Granite City and Mr. and Mrs. Williams, 1638 Sixth street, Madison.

BROWNIE CAMPOUT

A weekend campout was held for Brownies of Troop 166 in the back yard of the home of the leader, Mrs. Mary Ann Serint, 1711 Market street, Mrs. Frank Riddle assisted the leader. The girls did their own cooking outdoors and slept in tents. They worked on gifts for their fathers to be presented next Sunday and played games.

During the evening, the girls sat around a bonfire and sang. Those present included Sherry Blockberger, Gwendolyn Wright, Jacqueline Wright, Donna Baker, Sherri Marlette, Connie Spalding, Sharon Barham, Debbie Rhoads, Susan Baker and daughters of the leader, Sandra and Susan Serint. The meetings have been disbanded for the summer months and will start in the fall when school opens.

CLUB WILL HOST  
FEDERATION MEET

A special meeting was called by Mrs. Evelyn Blatner, new president of the Madison Junior Service club Tuesday evening at the Madison library. A short business meeting was conducted, with arrangements made for a junior federation meeting to be held in September with Madison as the hostess club.

Hostesses to serve during the new year were assigned during the special meeting. An invitation was read, inviting each member to attend the wedding of Miss Helen Svalgie, a member, June 24 at St. Mary's Church in Madison.

The next club meeting will be held Sept. 12.

BIRTHDAY DINNER

The 51st birthday of Mrs. Jennie A. Brown was celebrated with a dinner held in her honor in the home of her son-in-law and daughter, Mr. and Mrs. Wil Moore, 2007 Fifth street Sunday.

Those attending were Miss Hallie Brown and Mr. and Mrs. Harry Smith of Ellis Grove, Ill. Mr. and Mrs. Ira Brown and children, Charles and Carol Ann, of Wichita Falls, Tex. Mr. and Mrs. Ray Carter of Ferguson, Mo. Miss Margaret Brown of Madison, the honoree and the hostess.

BIBLE GRADUATION

Commencement exercises were held Sunday evening at the First Baptist Church for members of the vacation Bible school, which had closed with a picnic. The school was held for two weeks.

A display of work done by the boys and girls was viewed by parents, other relatives and friends at a program. The nursery, primary, junior and intermediate departments took part in the program with songs, numbers and Bible verses. Rev. Kenneth McDaniel, superintendent of the school, recognized those with 100% attendance.

Announcement is being made that Miss Joyce Williams, daughter of Mr. and Mrs. Clyde Williams, 1101 Reynolds street, Madison, became the bride of Roland Rogers, son of Mr. and Mrs. Rogers of Glen Carbon June 10, at the parsonage of the First Baptist Church in Madison with Rev. Kenneth McDaniel officiating. A reception at the Williams home followed.

NEWLY INSTALLED officers of Joyces are, left to right, Arthur Menendez, state director; Joseph Hassler, treasurer; Jerry McPherson, president; William Robertson, internal vice-president; Alvin T. Barnes III, secretary. Not shown is Fred Frame Jr., external vice-president. The officers were installed in ceremonies last weekend.

GC Woman Files Suit On  
Alienation Of Affections

A \$25,000 damage suit for alleged alienation of affections involving Granite Cityans is on file in the circuit court at Edwardsville. The plaintiff, Mrs. Dina P. Fox named Miss Shirley Harshay as defendant and has requested a trial by jury.

In the suit, Mrs. Fox states that the defendant "induced" William D. Fox to leave his home and free to other places. Miss Harshay, a teacher, could not be reached for comment. Mrs. Fox told the Press-Record she did not know the suit had yet been filed by her attorneys and declined any comment.

The suit causes Fox to desert and neglect his four minor children and that he has not contributed sufficient financial support the plaintiff and the children in her custody.

Street addresses were not listed in the complaint.

## Rev. Bults To Preside At Lutheran Convention

Rev. Alfred Bults, pastor of Hope Lutheran Church here and president of the Southern Illinois District of the Lutheran Church, Missouri Synod, will preside at business sessions of the 35th district convention of the church, which opens Monday morning at Trinity Lutheran Church in Nokomis.

Rev. R. P. Wiedersanders, D. D., a parish pastor from Corpus Christi, Tex., and the second vice-president of the Lutheran Church, Missouri Synod, will be the speaker at the opening communion service.

First pastor Rev. Theodore Klein will conduct the service.

Rev. Arvin Twietmeyer, pastor of Concordia Lutheran Church and chairman of the evangelism committee of the district, will serve as chairman of the education committee of the convention.

Lay delegates from Granite City Lutheran churches will be Wayne Frahm and Ervil Zeller. Convention business to be considered includes a proposal to authorize the establishment of a nursing home association, a recommendation to conduct a district-wide spiritual life mission in Southern Illinois and a statement on race relations in church work.

Theme of the three-day convention will be "Compelling Love."

SCIENTIFIC DISCOVERY

According to a scientific study, every living thing contains atoms of radioactive carbon 14. These atoms disintegrate at a fixed rate after death and by recording the impulses with sensitive radiation counters, scientists can estimate death dates even after tens of thousands of years.

## Board Discusses Insurance Rates, Theft Coverage

Three insurance topics occupied the Granite City school board during part of its five-and-a-half-hour meeting Tuesday night. Reduced cost of general building coverage was discussed, possibility of theft insurance on school equipment was explored and student insurance was authorized.

In discussing a year-long Granite City Insurance Exchange study of possible rate reductions, the board responded favorably to a request for an additional 20% payment.

J. W. Seneff, representing the exchange's school insurance committee, wrote that "our agents have a problem connected with the payment of school insurance premiums since June 25, 1960, when 40% of the premium was withheld by the board."

"We have to pay our companies within 45 days of the date of the policy, and our commission is only 25%; wherefore, each of us who has written insurance for the district is out of our personal pocket for the difference between the gross and net premium. The group has asked me to ask your board to pay us an additional 20% of the original premiums due us so that we can have the amount that we are out of pocket on the premium due our companies." Payment was authorized.

### Combined Form

Seneff referred to "our letter of March 20, 1961, wherein we outlined the progress—we might better say the lack of progress—of our undertaking to combine all the fire, E. C. and vandalism and malicious mischief insurance on school buildings and contents on one form which is known as the Public Institutional Form and contains some decided advantages over the general form heretofore used along with quite a savings in premium."

"Our committee has done all that it can do, and the matter has been in the hands of the Illinois Inspection Bureau since April 18, which will be the effective date of the new form."

"Granite City is now again to be a Class 6 fire district, which will carry about a 10% savings on all risks, both special and dwelling. You will get that in addition to any other credits that you may receive from the new form."

Board Member Herbert Biechoff called the committee's study and the type of reduction currently anticipated a "coincidence." He said the rate cut will result from a new Illinois program, for which the rates have not yet been set. He said the committee is not at fault for the current delay.

Charge of "stall"

Other board members called the local study a "stall," adding that the exchange apparently learned of the pending state change and predicted it in advance, postponing definite action until rates can be learned.

Board President Robert Spengler and Homer Huber, former president, criticized the delay of nearly a year, and Member Monroe Worthen said the committee failed to "advise us of the situation."

The board has not yet taken action on a request by a mutual insurance firm for part of the district's insurance coverage. Insurance currently is divided equally among members of the exchange, which does not include mutual firms.

**Portable School Equipment**

Calling attention to recent school break-ins, Supt. Harold M. Kaiser submitted an estimate that it would cost about \$349 a year to insure portable school equipment currently valued at \$41,000.

Present coverage against loss of equipment by theft consists of a float policy on buses, instruments and an all-risk policy for the school board and administrative office.

No action was taken, and floodlights were discussed as a possible alternative. Dr. Kaiser was authorized to study the cost of outdoor lights in the area of Granite City high school, the memorial gymnasium and Coolidge Junior High. Mercury vapor lights connected to the lights were proposed.

Huber urged decorative lights to flood the gym building at night as a way of emphasizing its architectural beauty.

**Public Insurance Costs**

The Page Agency of Mount Vernon was authorized to make accident insurance coverage available to school children at \$1.75 for those in kindergarten through sixth grade, \$2.25 for those in the seventh through ninth grades and \$2.50 for those at GCES.

Participants in GCES tackle football may obtain \$1500 blanket medical expense and \$1500 accidental death insurance at \$15 a player, plus the \$2.50 regular student policy.

The \$15 premium is to be paid from football gate receipts.

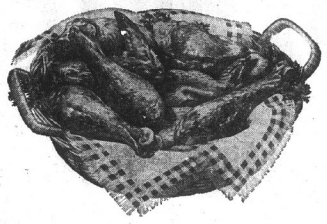

**SELF-STARTER**

The man who succeeds does not pass the buck—he just passes all his competition.

One of the world's ugliest beings is the stonefish. It is also dangerous. Garbled, wrinkled and warted, the stonefish bristles with 13 needles sharp spines that eject poison as deadly as that of a cobra.

## Evening Etude Music Club Holds First Guest Night

An evening of music was enjoyed by members of the two Etude Music Clubs, Wednesday evening, when the Evening Etude entertained the Etude Music Club at their first annual guest night, given in the home of Mrs. Clem Rehagen, 2242 Delmar avenue.

A profusion of summer garden flowers adorned the entrance hall and living room, with miniature busts of the great composers in evidence throughout the rooms. Guests were welcomed by Mrs. Woodrow Williams, president, who introduced the evening's events as being typical of a regular meeting program

with the members of the Evening club performing. The club motto, "Music is of the Heart. It is the smile of our day, the warmth of our feeling, and the fun of our saying and doing things together," by Irving Wolfe, was read by Mrs. Williams.

The program began with all members of the Evening Club in ensemble singing, "Falling in Love With Love" (Rogers and Hart), and "Speak Low" (Kurt Weill and Ogden Nash). Mrs. Luther DuNard, an associate member and Miss Elsie Mayhew presented a piano duet, Schubert's "Military March in D."

Mrs. William Ledbetter, soprano, sang an Art song, "Do Not Go My Love," by Richard Hageman, accompanied by Mrs. DuNard. The life of Arturo Toscanini was narrated by Mrs. John Deacon, followed with a piano solo, "Valse Brillante" (Chopin), played by Miss Mayhew. The program was concluded with group singing by both clubs of old favorites, accompanied by Mrs. Rehagen, and a musical game was played with honors going to Mrs. George Holtzner.

Mrs. John Tate of the afternoon club gave a resume of their club activities and outlined plans for the coming year. As a surprise highlight, a guest from the afternoon group, Mrs. Robert Weill and Ogden Nash. Mrs. O'Brien, who will be shortly leaving the city to make her home in Boston, Mass., played a medley of songs at the piano.

A special guest, Mrs. Gerald

Walters, record librarian of Granite City public library, expressed her appreciation to the Evening Etude for their assistance in developing the record lending program presently in effect. She reported since the program originated in October 1961 through April 1961, over 1560 records have been checked out, and plans are underway to broaden the program in the coming year.

The guest list included Mrs. J. C. Byers, Mrs. Harold Dorris, Mrs. Thomas Kelso, Mrs. Earl Miller, Mrs. Ernest Karandjoff, Mrs. Walter Kerch, Mrs. G. E. Halyama, Mrs. O'Brien, Mrs. Tate, Mrs. Holtzner and Mrs. Walters.

Evening Etude members serving on the arrangement committee were Mrs. Calvin Marcum, Mrs. Julie Bartels, Mrs. Stanley Young, Mrs. James

## Party Marks First Birthday

Dennis Scarsdale, son of Mr. and Mrs. Frank Scarsdale was honored with a birthday party Wednesday evening, given by his grandparents, Mr. and Mrs. Leo Kalpis, at their home, 17 Jones Park, Pontoon Beach. Dennis, who is one year old, received many gifts from his family.

A dessert course was served. Harsh, Mrs. Nelson Hediger, Mrs. Wayne Bridgeman, Miss Joyce West, Mrs. Ledbetter, Mrs. Deacon, Mrs. Williams and Mrs. Rehagen.

The guest night concluded the Evening Etude's activities for the season with meetings to resume Monday again in September.

by the hostess at a decorated refreshment table on the lawn. Informal games were played by the youngsters present.

Guests included the honoree's paternal grandmother, Mrs. Lena Scarsdale; his aunts, Miss Janet Scarsdale, Miss Shirley Scarsdale and Mrs. Jeanie Worick and son, Joey; godparents, Mr. and Mrs. Chris Erspamer; Mrs. Ann Harper and sons, Greg and Skip; cousins, Patty Jo and Charlotte Kalpis; and his brothers and sisters, Bobby, Jimmy, Mary Sue and Trudy Scarsdale. The Scarsdale family resides at 2203 Madison avenue.

this weekend following a honeymoon trip to Doboy, Ill.

The recent bride, the former Miss Mary Margaret Hogan, is the daughter of Mr. and Mrs. Earl Hogan, 221 Kerr street, Venice. The bridegroom's parents, Mr. and Mrs. Otto Parker, reside at 210 Kerr street, Venice. Both attended Venice high school. She is employed at St. Elizabeth Hospital and he at the Mercantile Mortgage Co. The newlyweds will make their home at 2416 Ohio avenue.

Phelps, president, was in charge, with plans made to complete toys being constructed by the unit as a current project. Additional good used toys will be sought for distribution at the Dixon Hospital, with members bringing the donated items to the next meeting.

Auxiliary President Mrs. Cleo Schnelke announced the local unit will be honored at the National VFW convention at Milwaukee, Wis., in August. Presentation of a white Bible will be made in recognition of its initiation as the only new junior unit in the Department of Illinois.

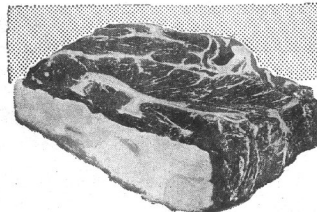

Hostesses, Miss Carol Green and Miss Karen Thomas, served refreshments to conclude the meeting.

himself to work for new developments. He pointed out that the Sacred Heart has grown from a small congregation of about 100 families to the present 1250 families to become the third largest parish in the Springfield diocese.

Bishop O'Connor emphasized the progress being made by Sacred Heart and the successful leadership Msgr. Costello has given in efforts to build a new school.

**Most Progressive**  
He cited Msgr. Costello as being the "most progressive" in the (Springfield) diocese.

The new church was constructed three years ago and the rectory was built seven years ago. The original church was constructed in 1924.

In addition to his local assignments, Msgr. Costello has contributed largely to diocesan progress since his appointment as diocesan coordinator of the diocese's parishes.

Msgr. Costello spoke briefly at the dinner, expressing gratitude to parishioners for "all they have done in making this occasion possible."

**Introduces Sister Amanda**  
He introduced Sister Amanda of St. Elizabeth's Hospital who is observing a golden jubilee of sisterhood. Attending the luncheon was his niece, Miss Nancy Costello of Dublin, Ireland.

A high-ranking national layman, David Chapin, knight of the Holy Sepulchre, of Omaha, Neb., also was present. Some 175 persons attended.

Master of ceremonies was Rev. Michael McGovern, pastor of St. Agnes Church, Hillsboro.

The Sacred Heart church girls' choir sang "Did You Know" and "From Ireland." How Ireland Got Its Name" and other selections.

Msgr. Costello was born Oct. 1, 1885, in County Kerry, Ireland, was educated at St. Brendan's College, Kesh, Ireland, and later attended St. Michael's College, Linstead, Ireland. He is a graduate of All Hallows' College, Dublin and was ordained at the American College in Rome, Italy, where he also graduated.

He arrived in the United States on Oct. 1, 1912, and was appointed assistant pastor of St. Michael's and Paul Cathedral, Alton, on Nov. 1, 1912, he was named pastor of St. Michael's, Springfield, Ill., serving there until July 1, 1922, when he became pastor of St. Elizabeth's Church, Mitchell.

He established Sacred Heart Church on Sept. 1, 1923. An evening benediction was given by Msgr. Costello, assisted by assistant pastors, Rev. William Wand and Rev. John Barrett.

At a reception in the church school cafeteria yesterday evening, 300 parishioners and well-wishers greeted Msgr. Costello and he was presented with a \$4000 purse in appreciation of long service to the community and church.

Honoree Calvo, local attorney, spoke in behalf of parishioners in praising Msgr. Costello for devotion and leadership. A talk also was given by Milton Worthen.

Master of ceremonies was Rev. James Casey, pastor of St. Mary's Church, Tuscola, Ill.

representatives of Granite City women's organizations and said other members of their groups are interested in joining the league.

Main goals of the league are to provide election and general governmental information, build public opinion and support or oppose legislation.

During its year as a provision, at league, a local group should city government operations and problems and, if possible, goes on to investigate government on the state and national levels.

One of the largest women's action groups, the league was started in 1920 and now numbers 1000 separate units with a total membership of 128,000 in Illinois, 66 leagues hold 800 members.

First preparations for starting a league here were made in January. Interest increased until the state group decided to attempt formal organization this summer. Mrs. Senef was the first to contact the state about interest in Granite City.

All local leagues are financed through \$5 annual dues, plus a yearly drive for funds. The state and national units are in turn supported by funds from the local groups.

**Training For Scouts**  
About 80 adult members are expected to take part in annual "showdown" training tomorrow night through Sunday at Camp Summit. The Boy Scout summer camping season will start Sunday, June 25, with 700 registered so far.

**Radio Causes Fire**  
Fire originating from a radio short-circuit at 7:15 p.m. Wednesday caused \$25 damage to the radio and a sun lamp in the home of Joseph Watkins, 41 West Second street, West Madison.

## \$500 Gift For New Scholarship Fund of SIU Here

Southern Illinois University has received \$500 for a new scholarship fund from C. E. Townsend, Press-Record editor and publisher. Available to students attending the university's Southern Illinois campus.

The fund will be called the Townsend General Scholarship Fund, Kenneth R. Miller, executive director of the SIU Foundation, announced today.

"Mr. Townsend's gift to the university is another evidence of his continuing interest in higher education," SIU President D. W. Morris said. "He was one of the early advocates of university facilities for Southern Illinois and played an active role in the acquisition of the university campus site."

A charter member of the Southern Illinois Council for Higher Education, which first called official attention to the need for higher education facilities in Madison and St. Clair counties, Townsend was appointed to the council's executive committee in April.

Morris called attention to the university's gift, pointing out that the donor had stated it could be used for any scholarship program the university saw fit.

"Unrestricted gifts are especially desirable because they can be utilized readily in current programs," he said. In the case of restricted gifts, he pointed out, there is always the possibility that changing times will make it difficult or impossible for a university to use them.

The SIU president expressed hope that the gift will serve as an incentive for other persons, industries and businesses to make similar contributions to the SIU Foundation scholarship fund now started for students taking up residence on the university's campus.

Structural centers in Madison and St. Clair counties, the university's President of the Quad-City

State will pay the remaining three-fourths. The city is to finance its share through motor fuel tax payments.

However, Maers pointed out that the city's share of the total cost will rise above \$71,000, which represents 25% of the contract cost, since other expenses are to be incurred.

Included are engineering fees, which are to be about \$22,000. The city's share of the total cost will rise above \$71,000, which represents 25% of the contract cost, since other expenses are to be incurred.

Maers expressed satisfaction with the contract plan, saying it was lower than had previously been estimated.

The superintendent said, "This information to me. Then at the meetings, nothing was said." He said he was waiting for Spengler to make the contact with the board on the matter.

Dr. Kaiser said, "The base-ball season was coming on. The job had started, and I wanted to get it done."

Bischoff commented, "I don't understand this. It looks like the board was waiting for Spengler to make the contact with the board on the matter."

Spengler said the payroll does not come before the board for approval and Huber told him, "You're right as far as the payroll, such as an extra custodian, but this was an unusual expense. I feel the board was waiting for Spengler to make the contact with the board on the matter."

clerk that men working a 4 p.m.-midnight shift do not have time to drink" with the 1 a.m. closing, left Allen said 18 hours of drinking a day would be sufficient. Namekoff township Supervisor Harry Briggs was quoted as speaking in support of tavern closing.

**Enforcement Issue**  
Supervisor Joseph Trocicki of Chouteau township said Sheriff George Musso and his deputies had all the authority needed to apprehend violators. Asserting that the sheriff "shuts his eyes when he goes by a lot of places," he asked, "Who is going to make the sheriff enforce the law?"

**Create \$7000 Position**  
The board voted 25-8 to set the county building official's salary at \$7000 a year and to authorize him and the zoning and subdivision control committee to hire the personnel necessary to administer the county building code, enacted June 16, 1950, but not yet enforced.

The resolution also authorized an inspector, who is to receive fees of not more than \$5000 annually, and a stenographic clerk at a salary not exceeding \$1000 monthly.

The board then employed Charles J. Engstrom, 52, Edwardsville, former secretary-business manager of the Edwardsville school district, as building official. There was one dissenting vote.

Engstrom was recommended by the zoning and subdivision control committee, which screened 12 applications and conducted interviews. It was reported that he has had extensive experience in construction work. Introduced to the board by Committee Chairman Alton May, he assumed the new office this week.

A graduate of the University of Southern California, Engstrom has been in the construction business for 15 years. He has completed six years' work on a construction representative of the Federal Housing Act. He saw overseas duty as a Navy lieutenant in world war II.

Italer said the ordinance will clarify the law and is needed to penalize those who do not respect laws set by the board.

Penalties for closing violations have been under discussion for some time, and surveys from time to time have shown that there were widespread violations.

A penalty ordinance was prepared by staff of the 20th Ward H. Mudge Jr. in December but was not presented to the board until after a recent conference between Mudge, Haller and the liquor license committee. Mudge also met last week with Musso and State Police Capt. Emil Toftant.

Italer said the ordinance will clarify the law and is needed to penalize those who do not respect laws set by the board.

Penalties for closing violations have been under discussion for some time, and surveys from time to time have shown that there were widespread violations.

## NAMEOKI UPW HOLDS ELECTION

The last meeting of the season for the Nameoki Presbyterian Women's Association was held Monday evening at the church with Mrs. Alta Stewart, president, conducting the meeting.

Mrs. Betty Finn read the UPW purpose and Mrs. Stewart welcomed 20 members and one guest Mrs. Beverly Justice. Mrs. Fern Mitchell gave the devotion of the national meeting of UPW at Purdue University, being assisted by Mrs. Jean Lybarger and Mrs. Violet Monahan.

Missionaries were read by Mrs. Fern Mitchell, who offered prayer. Mrs. Stewart announced that the association had been invited to jollify luncheon today at the Wood River Presbyterian Church, where two foreign missionaries on their way to the Purdue University meeting spoke.

Mrs. Francis Finn reported that the Day Clinic meeting will be held June 22 at 1:30 p.m. at the home of Mrs. Monahan, 1812 Spring avenue, and Mrs. Louise Thompson, chairman, announced that the evening clinic will meet June 27 at 8 p.m. at Mrs. Mitchell, 1512 Johnson road.

Mrs. Joan Kaesberg, chairman of the nominating committee, presented a slate of officers. They were elected for the 1962 year and will be seated at the December meeting.

Elected were Mrs. Ann Freeling, vice-president; Mrs. Betty Finn, secretary; Mrs. Edith Simpson, fellowship chairman; Mrs. Beatrice Pyle, program chairman; Mrs. Louise Anderson, world service chairman; Mrs. Monahan, chairman of the nominating committee; Mrs. Louise Thompson, spiritual life chairman; Mrs. Joan Kaesberg, afternoon clinic chairman; and Mrs. Janice Carr, evening clinic chairman.

The evening's program on "National Mission" was introduced by Mrs. Anderson, and each member presented a brief summary of a specific national mission station as it was located on a large map on the wall.

Mrs. Lu Pyle closed the meeting with prayer. The evening's hostesses, Mrs. Beatrice Pyle and Mrs. Young Kim, served a late dessert course to those mentioned and Mrs. Twyla Marcum, Mrs. Irma Taylor, Mrs. Leona Kaesberg, Mrs. Martha Bowman and Mrs. Edith Arbogast.

The next association meeting will be Sept. 31 at the church.

## NIQ CLUB MEETS

Mrs. Edith Lementovich entertained the NIQ club in her home, 1629 East 23rd street Tuesday evening.

Pinochle was played, with the hostess winning first prize, Mrs. Leona Spickert, second prize Mrs. Carrie Hart third and Mrs. Ann Shannon the hostess prize.

A late dessert course was served by the hostess to the winners and Mrs. Emma Tappell, Mrs. Ethel Weiss, Mrs. Cleo Warrick and one guest, Mrs. Louise Johnson.

## ANNUAL PICNIC OF BELLEVILLE ASSOCIATION

The Belleville Civic Improvement Association held its annual picnic Sunday at Promenade Grove in Glen Carbon under the chairmanship of Gene Hoffman.

A crew of men began the day early in the morning with a barbecue and later in the day games were held for the children under the direction of Bob McVie and Chuck Gauen.

Albe Shannon led an "Abe Lincoln" quartet, and group singing and games were held with Buck Harolan in charge of sound movies of the events were taken by Pat Marmion.

Francis Herman, president, spoke briefly and gave a resume of the year's projects and activities. He announced that the next meeting will be in the fall at Probad school.

## MRS. HALVACHS HOSTESS TO PINOCHLE CLUB

Mrs. Nora Halvachs was hostess to the Pinochle club in her home, 1641 Moro avenue, Tuesday evening.

First prize and the floating prize were captured by Mrs. Elvira Vesel, second prize by Mrs. Gloria Knackstedt and third by Mrs. Delores Yates.

The hostess served a late dessert course to the prize winners and Mrs. Frieda Yates, Mrs. Harriet Hoff, Mrs. Thelma Schmidt and Mrs. Lou Knackstedt, one of the evening's guests along with Mrs. Delores Yates.

### Aid In Finding Wallet Of Murder Victim Asked

Madison county and state law enforcement officials are seeking the aid of area residents in finding the wallet taken from Martin Drenovace, Twin Oaks restaurant and service station operator who was robbed and beaten to death last Thursday by two teenage army deserters.

The killers, nabbed in Utah, have admitted to police they threw the wallet from the window of their auto along Eypass 66 as they were traveling toward the Chain of Rocks bridge.

The sheriff's office has asked residents to telephone Edwardsville 656-2141 if the wallet is found.

### State and county officials searched the area this week but were unable to find the wallet believed to have contained from \$200 to \$500.

A section of pipe used in committing the brutal beating was thrown in the Mississippi river by the killers, nabbed in Utah.

### PICNIC FOR GRADUATE

Bill Russell, a June graduate of the University of Illinois, will be the guest of honor at a picnic at the Russell clubhouses in Grafton.

The greater part of the day was spent swimming, water skiing, and boating, with a buffet dinner served by Mrs. Russell in the evening. The buffet table was centered with a cake decorated in a cap, gown and diploma theme.

Guests included Mrs. Nellie Russell, Don Russell, Mr. and Mrs. W. C. Wilson, Mr. and Mrs. Arthur Jones and son, Larry, Mr. and Mrs. John Jones and son, John and Doug, LeRoy Getz, Mr. and Mrs. Pete Gutgesell, Mr. and Mrs. George Mielke, Mr. and Mrs. Mike Michele, Pat and Jack Michele, and Miss Sandy Russell.

### WEEKEND AT CAMP

Brownie Troop 133, sponsored by the Frohardt PTA, held its last outing of the season, spending the weekend at Camp Lakota in near Glen Carbon.

Mrs. Helen York, the leader, was assisted by Mrs. Velma Stearns. While the Brownies stayed in the lodge for sleeping, all their meals were cooked outside over camp fires. They enjoyed the hiking and held a court of awards.

The hikes were led by Delidier, Barbara Zimmer, Cindy Williams, Karen Bagl, Sharon York, Linda Hayes, Nancy Brooks and Jackie Beyrau.

### Records on Individuals maintained by the departments.

"The city has no pay plan," said the city clerk, "but after a long period of deliberation by the council, some of the individuals are being paid on a case-by-case basis."

"In classifying positions, there will be some difficulty resolving inequities because of union contracts. The existence of a classification and pay plan, however, will make negotiations with the unions more meaningful. The city will be able to show job relationships as developed from the classification study and set down in the job descriptions. There should be much less argument in the negotiation procedure."

"The technical and clerical operation of the personnel program should be the responsibility of the assistant comptroller under the direction of the comptroller. This person will be responsible for the payroll and for keeping the payroll records current."

"In order to gain acceptance for the personnel program, the mayor should meet with all department heads to explain the details and secure their cooperation. The mayor is to assume the role of the city's chief personnel director."

"Consideration might be given to the creation of personnel committees. For a given position, a committee could be established consisting of the department head requiring an employee, the mayor and one other city employee of the supervisory level to screen applicants and conduct interviews."

"The personnel committee would recommend the top man or men to the department head for employment. The committee also could function in promotions. Such an arrangement would systematically hiring and promotions and introduce some elements of a merit system."

"As an alternative, the city could seek support on a referendum, setting up a Civil Service Commission. Unfortunately, present statutes would require the concurrence of the Board of Fire and Police Commissioners. State legislation remedying this would make the civil service arrangement more attractive to municipalities. If successful at a referendum, the mayor appoints a three-member board which recruits, examines and certifies the top candidate to the department head."

"All employees except elected officials, department heads, police officers above captain, secretaries of the elected officials and any administrative assistants to the mayor are exempted from the act. All others receive civil service status. The act prohibits political activity by covered employees. The commission is to

### Examinations Proposed For City Promotions

(This is the fifth in a series of articles based on the reorganization and operating study of city government in Granite City, conducted by Southern Illinois University of Carbondale, at the request of the city council.)

Establishment of a city personnel system substantially on a merit basis with all appointments and promotions made only through competitive examination is recommended by the SIU staff of experts.

The city with 130 employees urgently needs a manual for its workers, setting forth all city policies on personnel matters and it is suggested the city consider adoption of the Civil Service Act, provided the Board of Fire and Police Commissioners abolished and firemen and police come under the Civil Service Commission.

"Granite City could solve many of its personnel problems, some of which take up considerable time in the city council meetings, by instituting a comprehensive personnel program."

**Job Classification**  
"A position classification and pay plan should be established, assigning job positions to like salary ranges, position descriptions should be developed and adopted and there should be set up a series of annual increments for each pay range."

"The payroll system should be modernized either through purchasing an accounting machine or by setting up a computer along with general accounting and sewer billing, or by adopting one of the available methods of reducing the number of typists. A system of payroll records, including basic information on an employee's name, position and salary record, vacation and leave records as well as training records should be kept for each employee."

**City Has No Procedure**  
The university study stresses that Granite City has no formal or integrated procedures for handling personnel matters. Records on individuals are maintained by the departments. "The city has no pay plan," said the city clerk, "but after a long period of deliberation by the council, some of the individuals are being paid on a case-by-case basis."

## Examinations Proposed For City Promotions

plans up classification and payroll for the city.

"An employee manual should be developed stating all city policies regarding recruitment, appointment, probationary periods, layoffs and discipline. Hours of work should be specified and pay standards for overtime, emergency call out, etc. should be included."

"The manual should also deal with the various leave policies: vacations, holidays, sick leave without pay, training leave and military leave."

"It should include the classification and pay plan and specify the records which should be kept. The manual should be kept in an attractive and a copy given to each employee. Supervisors of employees would become more familiar with the employees' questions on conditions and terms of work."

"The city payroll presently is handled by the assistant comptroller, and the SIU report shows she spends about half of her time on this work. She also types the lists of bills for approval by the council, pays all invoices and enters in cash disbursements, book and subsidiary ledgers, answers the telephone in the comptroller's office, types sewer rates monthly, helps with the collections at the window when necessary, runs the Thermo-Fax machines, types motor fuel reports, pension reports, handles merchant inspection cards and sends bills for the business licenses, serves as secretary for the comptroller and to a lesser extent for the city clerk."

**Present Payroll Handling**  
"The payroll is prepared on large sheets, each employee's name, net pay, deductions, etc. are typed in. These are typed in the next pay period being kept in the month. The payroll is made up in time for all employees for both pay periods. Department heads receive any absence of changes in rate."

"Except for the sanitation department, no time sheets are used. The paychecks, single part forms showing deductions, are typed and the amount entered with check protectors. The individual earnings records are kept in pencil on a simple form."

"Preparation of the payroll requires three full typists or hand-copying of the complete payroll information paid in the next month if the city were to consider machine very costly, the payroll could be typed and beneficially installed on the machine. Payroll register, check and earnings record could be prepared in one operation, all calculations would be automatic and totals for all columns would be carried and printed for the payroll period. An earnings-to-date figure, not flow available, could also be carried. The payroll could be prepared more quickly, more accurately and provide both the city and the employee with more information."

"If the city does not adopt machine accounting, a study should be made of several means available to streamline the payroll process. With 175 to 200 (including officials and part-time employees) payroll checks prepared twice a month, a great savings in time can be realized with few simple changes. The comptroller should be directed to investigate the payroll procedures used in other cities and businesses of similar size."

"No records other than the individual earnings sheets are kept in the comptroller's office. There is a list of city employees but this contains only name and date employed and is used to determine which employees are entitled to the three-week vacation after 10 years employment. No time sheets are turned in to the comptroller except for the chief inspector who is in charge of sanitation. He keeps a list of his employees and X's the box for each day worked."

"City employees are covered by the Illinois Municipal Retirement Fund to which payments are made monthly except for fire and police employees who participate in their own pension funds."

**Wrecker, Car Collide**  
A wrecker backing a parking lot driveway at 1020 Madison avenue collided with the rear and side of a northbound auto of Raymond Miller, 48, Dearborn, Mich., at 1:45 p.m. yesterday. The wrecker was driven by James Skaggs, St. Louis.

Pessimists are made, not born—just people who expect to make enough money next month to pay this month's bills.

# James Ringer, 55, Dies; TRRA Engineer

James Ringer, 55, of 3005 Myrtle avenue, died at 2:40 p.m. Tuesday at Missouri-Pacific Hospital, St. Louis, of cancer. He was in ill health for a year and at the hospital at various times.

Born in Leadwood, Mo., he was a locomotive engineer for the Terminal Railroad Association, Madison yards, where he worked 18 years. He was a member of Masonic Triple Lodge 833 and a Baptist church in St. Louis.

Mr. Ringer had lived in Granite City three years, previously residing in Livingston for five years. Before moving to Livingston, he was a Madison resident for 32 years.

Surviving are his wife, Opal, to whom he was married in 1924 in Venice; a son, Darrell Ringer, Alton; two daughters, Mrs. James (Evelyn) Stephens and Mrs. Thomas (Carol) Matyas, both of Granite City; two brothers, Jesse, Washington state, and Edward Ringer, St. Louis; two sisters, Mrs. James Dorsey, St. Louis and Mrs. Ed-

to drive around him as he was in the street. It was first reported that Anderson alighted from an auto at the corner, but this was later rejected. Anderson, a war II infantry veteran with service in the Pacific Theater, was known to have a heart condition, but it was not a contributing factor in his death, authorities said.

Chief Lowder said he was told the physician conducting the autopsy had said Anderson could not have walked but a short distance with the type of injuries he had.

Police were told by Mr. and Mrs. George Maykopet, operators of a rooming house at the ward (Mae) Washburn, Lemay, Mo.; and five grandchildren. Funeral arrangements are given in the obituary column.

corner, that they had seen Anderson walking west on Niedringhaus avenue a short time before he was discovered in the street. Chief Lowder said Anderson lived with his parents, Mr. and Mrs. Louis Anderson at the Maple street address, and was seen in East St. Louis about 7:15 a.m. Wednesday by an acquaintance and that at the time Anderson was walking to a bus stop, presumably to return home.

The parents said Anderson had left the house Tuesday afternoon and had not returned home that night. He was unemployed.

**Barber Witnesses Falls**

Another witness, Andy Matosian, a barber who was driving to work, told police he saw Anderson fall in the street at the intersection as he was driving by and that in his rearview mirror he saw him get up, then fell again. Matosian also said he saw another westbound car drive around the fallen man.

In the first fall, the barber said, Anderson fell face down and after getting up, then fell backwards.

About 15 persons had gathered about Anderson when an ambulance arrived to take him to St.

## 5 Local Scouts Become Eagles

Five Quadt-City Boy scouts were among 11 from the Cahokia Mound Council who received Eagle rank at a semi-annual court of honor Monday evening at the Webster Junior high school auditorium in Collinsville.

Seventy-five persons attended. Local members of the Francis A. Gauen Eagle class were Robert Chapman of Concordia Lutheran Layman's League Explorer Post Six, Harry Freeland Jr. and Michael Manning, both of St. Joseph's Catholic Church Troop Seven; George Motesgood of Niedringhaus PTA Troop 12; and Francis McBride of St. Elizabeth Holy Name Society Post 13.

Leaders and advisors of the group were Donald Beck of Post chairman, reported on a successful report and Mrs. Morris, current rehabilitation chairman, announced plans were completed for a veterans' party to be given at the Alton State Hospital, today, Miss Ellen Winters, who is participating in the Girls'

## Boy Burned Running Through Open Ashpit

Running home with hot coals in his tennis shoes, 8-year-old Ricky Wilson received severe burns to his feet on Monday afternoon and has been hospitalized since at St. Elizabeth Hospital.

In good condition at the hospital, the son of Mr. and Mrs. Eugene Wilson, 2812 West 20th street, ran through an open ash pit alongside Washington school, about a half block from his home.

A janitor at the school had placed some hot furnace coals in the pit just before the boy ran through it. The coals dropped down the high tops of his tennis shoes. Becoming frightened as the coals began burning his feet, he ran down the block to his mother.

Taken to the hospital, the burns were diagnosed as first degree on his right foot, second and third degree on the left. His father is employed as a laborer at the St. Louis Independent Packing Co.

### Shower Honors Friday Bride-To-Be, Miss Townsend

Mrs. Walter Hundley, 2600 Delmar avenue and Mrs. John Livingstone, of Charleston, Ill., the former Miss Brenda Hundley, were co-hostesses at a miscellaneous bridal shower, Monday evening, complimenting Miss Nancy Jo Townsend, who is to be married Friday.

Twenty guests were entertained at the Rose Bowl restaurant, where the evening was spent at games. Top honors went to Mrs. Leonard Fleishman, Mrs. Robert Walters, Miss Josephine Barylike, Miss Lana Wi ters, Mrs. Theodore Barylike and the guest of honor.

The wedding party colors of pink and white were used extensively throughout the decorative appointments, with shallow baskets of white mums and miniature pink roses centering the refreshment tables. Tiny parasol mint cups were placed for each guest as favors.

An embroidered pink and white net cloth graced the gift table, which held a beautifully gowned bride doll as its focal point. Many gifts were presented to the bride-elect, whose wedding to David Eugene Clement, son of Mr. and Mrs. Herschel Clement of Centralia, will be solemnized at the First Presbyterian Church, Miss Townsend is the daughter of Mr. and Mrs. C. E. Townsend, 2543 Cleveland boulevard.

**RETURN FROM VACATION IN WESTERN STATES**  
Mr. and Mrs. Harry Lewis, 2839 Edison avenue, arrived home earlier this week after a three-week holiday in several western states.

Their itinerary included visits with several relatives and friends including Lewis' brother and sister-in-law, Dr. and Mrs. William B. Lewis and family, Webster City, Ia., old school friends of Mrs. Lewis', Mr. and Mrs. D. Lee Grace, who reside in Columbus, Neb., and cousins of the local couple, Mr. and Mrs. David McCormick in Lamar, Mo.

**ENGAGEMENT ANNOUNCED.** Miss Karen M. King, whose mother, Mrs. Mary King, 1500a Market street, Madison, is announcing her engagement to Norris L. Kent, son of Ms. Naomi Kent, 1921 Fifth street, Madison. An autumn wedding is planned.

Cola.

On reaching the west coast, they spent some time as house guests of Mrs. Lewis' brother-in-law and sister, Mr. and Mrs. Ernest Gaddi in Sacramento and her nephew and niece, Mr. and Mrs. L. E. Hamm, North Highlands, Calif. Enroute home, several days were spent at the Red Bird resort, Lake of the Ozarks, Mo.

### King-Kent Betrothal

The betrothal of Miss Karen M. King to Norris L. Kent is announced by her mother, Mrs. Mary King of 1500a Market street, Madison.

The bride-elect was graduated last month from Madison high school. Her fiancé, a son of Mrs. Naomi Kent, 1921 Fifth street, Madison, is employed at Diamond Plating Works, Granite City.

The newly engaged couple plan to be married this fall.

### ENTERTAIN HOUSE GUESTS

## Son Arrives For Mr. And Mrs. Keith Kelly

Mr. and Mrs. Keith Kelly, 1230 Robin street, Venice, are the parents of their first child, a son, born June 11 at Belleville Memorial Hospital, Belleville. Brian Keith is the name selected for the new arrival, who weighed eight pounds, six and a half ounces.

Grandparents are Mrs. Lettie Kelly, Venice; Ernest Kelly, Madison; and Mrs. Ida Grater and Ben Hulsizer, both of East St. Louis. The mother is the former Miss Deanna Hulsizer of East St. Louis.

## Toll Collection May Be Moved Next Week

Use of the new Main street plaza for McKinley Bridge toll collection may begin late next week, it was learned this week from Bridge Manager Henry McMullen.

Part of the six-lane plaza is being used by vehicles traversing the bridge, but tickets and coins are still being collected at the Missouri end.

Curbs have been installed, and the remaining work on this side consists of a base course and a coating of asphalt for a parking area and the two southernmost traffic lanes between the Venice toll booths and elevated approach.

Moving of the collection location will enable the old booths to be removed from the St. Louis approach, where entry lanes are to be revamped. This and the opening of all lanes on the St. Louis and Venice elevated approaches will substantially complete the remodeling program, underway since 1959.

Toll collectors have been practicing with their new facilities, which are in operating condition, McMullen said. Of the three lanes handling traffic heading in each direction, one will be equipped to automatically accept quarters from motorists.

## New Central Gym Floor, Prather Sound System

In line with scheduled expansion of Central junior high school to a larger enrollment and use as a seventh and eighth grades center, the school board Tuesday night ordered a new gymnasium floor. A low bid of \$3897 from the Parker Planing Mill was accepted.

Present maple flooring and sleepers will be removed and replaced in the gym area, extending to the line of columns supporting the central balcony. Existing wood will become the contractor's property.

New maple flooring will be 11/32 inches thick, matched on four sides, best grade, with no pieces less than three feet long. Sleepers will be 2x4 pine or fir laid flat over asphalt-saturated felt covering the concrete base. The surface at the balcony edge will be matched to present flooring. The new floor will be sanded by the contractor and finished by school employees.

A \$2457 improvement at Prather junior high school was approved with acceptance of a low bid from Audio Electronics, Wood River, on installing a sound system. It will be financed from funds still available in the original construction fund for Prather, opened a year ago.

**Plan Athletic Inventory**  
In approving fall 1961 football equipment purchases Tuesday night, the school board stipulated that a more effective athletic inventory control system be set up. Coaches have been making informal inventories, but the board has not had lists of existing supplies when considering requests for more. This has left uncertainty over how many of the requisitions represent replacements and how many increase the basic supply list.

Football supply purchases totaled \$4102, including \$2847 for GCHS, \$644 for Coolidge and \$609 for Prather. A breakdown of the \$4102 on bid decisions shows \$1000 ordered from Graham's Bookstore, \$1891 from Economy Sporting Goods, \$237 from Black's Sporting Goods and \$63 from Markwort Sporting Goods.

Inventory supervision would be one of the duties of a director of athletics, Supt. Kaiser said, noting that 21 applications have been received for the new position.

Physical education equipment purchases for 1961-62 totaled \$5020, including \$2861 supplies and \$2159 capital outlay. A breakdown lists \$1188 from Graham's Bookstore, \$1177 from Porter Athletic, \$554 Premier Athletic, \$605 Markwort, \$318 Athletic Trainer Supply, \$439 Economy Sporting, \$138 Salchick Recreation, \$91 Towers Associates, \$70 Wallace Book Shop, Narragansett \$38, Van Sickle Radio \$34 and Whitney's \$25.

**Industrial Arts Supplies**  
A 44-page bid listing was studied in authorizing purchases totaling \$11,350 in vocational and industrial arts shop supplies. The bid acceptance resulted in the following purchase totals: Air Reduction \$457, Baptist Electronics \$88, Beck & Corbett \$300, Bona Venture Supply \$82, Broadhead Garrett \$551, Cadillac Plastics \$20, Cope Plastics \$56, Craftsman Supply \$255, Foley Lumber \$755, Gordon Plastics \$150, Grand Lumber \$35, Harry's Paint Store \$1146, Interstate Industrial \$174, K & E \$26, Lincoln Electric \$243, Midwest Tool \$877, Mill Supply \$678, George Rubelmann \$467, Lucas Rubelmann \$626, Ryerson \$496, Sears Roebuck \$54, Service Blue Print \$60, Slego \$582, Stanley Industrial Tool \$42, Tandy Leather \$833, Van Sickle Radio \$45, Welder & Industrial \$1062 and Westinghouse Electric \$588.

**Kitchen Equipment**  
A student recovery couch was purchased from the Van Sickle Co. at \$60, and the board bought cafeteria kitchen equipment totaling \$1748. A cooking table for GCHS and four metal kitchen tables—three for Coolidge and one for GCHS—were ordered from Bensinger at \$1135. A roasting oven for the Frohman cafeteria was bought from Farm Stearns-Imperial Co. of Chicago for \$614.

Supt. Kaiser said it is planned to dismantle the GCHS cafeteria walk-in refrigerator and move it from the crowded kitchen to a corner of the dining room.

Bids on 24 categories of supplies were opened and referred to the administrative staff for analysis and recommendations.

## B.F. GOODRICH PUTS A GUARANTEE BETWEEN YOU AND ROAD HAZARDS!

New B. F. Goodrich guarantee gives full allowance for all unused tread on damaged tires—for as long as 3 years on some tires! Here's how the guarantee works: B. F. Goodrich, of course, stands behind the materials and workmanship of all its tires for the entire life of the tread. But there are normal driving hazards on the road that can damage any tire...no matter how well it's made. Suddenly, your car runs over a broken bottle, piece of sharp steel or rock. This could mean a cut, a rip or a break in the fabric that could damage your BFG tire beyond repair. Now you don't have to take a loss on that tire. Take it to any B. F. Goodrich dealer with your warranty certificate, issued at time of sale. He'll check the tire's tread wear and apply the value of the remaining tread against the cost of a replacement—at current retail list prices. You pay only for the tread already used. To get all the facts in this nation-wide, written guarantee now on all new BFG tires, see your B. F. Goodrich dealer. Depending on the type of tire purchased, the protection of this guarantee lasts from 12 to 36 months.

You can now buy B.F. Goodrich Guaranteed tires at BFG Dealers and Stores— coast-to-coast. They start as low as 1077

## 145 Degree Candidates

## SIU Southwestern Campus Commencement Is Tonight

Dr. Harold Taylor, past president of Sarah Lawrence College, Bronxville, N. Y., will deliver the main address tonight at the second commencement program at Southern Illinois University's Southwestern campus near Edwardsville.

About 145 students are candidates for degrees, which will be awarded at 7 p.m. commencement exercises to be held at an outdoor amphitheater located on a tract of land along U.S. By-pass 66 which is the site of the university's new Edwardsville campus.

In connection with the commencement exercises will be a band concert, exhibit of student art work, president's reception for June and August graduates and their families and an exhibition of schematic drawings of the proposed campus structure.

**Editor, Author**  
Dr. Taylor, who retired as president of the New York girls' college in 1959, is the author of more than 200 articles on philosophy and education. He is an editor, teacher of philosophy and author of the book "On Education and Freedom."

He served 14 years as president of Sarah Lawrence College, and upon his retirement traveled throughout Asia and Russia under a special grant from the Ford Foundation. He conferred with political leaders, intellectuals, educators, students, artists and writers about the problems of the Asian countries.

Since his return to this country Dr. Taylor has been lecturing at universities and is presently writing a book on modern liberalism and modern education.

He received his bachelor and masters degrees in philosophy at the University of Toronto, where he was awarded the Moss scholarship for all-around accomplishments in an athlete, musician, writer and student.

## 2 Retire From GC Teaching Staff, 4 Resign, 4 Hired

Two teacher retirements effective at the close of the school year last week were announced and approved by the Granite City school board Tuesday night. Mrs. W. F. (Ince) Smith, Route Four, Edwardsville, second grade teacher at Frohardt, is leaving after 33 years in the system, including service at the former Central Rural school from 1928 to 1946. She began teaching at Washington grade school in 1946 with the consolidation of districts, and later went to Frohardt.

Mrs. J. O. (Sybil) Lowrance, 2544 Benton street, also retiring came to the Granite City school system 16 years ago and also had 29 years of teaching elsewhere. Supt. Harold M. Kaiser reported to the board.

Resignations were accepted from Miss Jacqueline Johnson, McKinley first grade teacher, who is moving from this area; Judy Craig, Coolidge junior high teacher; Mrs. Josephine Wagoner, Marshall third grade teacher who has been on leave of absence; and Mrs. Barbara Wier, Stallings grade school teacher.

The board hired four teachers for the 1961-62 school year. In addition, it approved the return from a leave of absence of Mrs. Anita Kendall Ettinger, Granite City, who will resume teaching block classes (English and social studies) at Coolidge junior high.

Newly hired were Eugene Propes, Carbonade, 1960 master degree from Southern Illinois University and three years of teaching experience, Central junior high industrial arts; Mrs. Sonja Choe Edderbaum, Fluxico, Mo., 1960 bachelor degree from Southeast Missouri College and one year of experience, high school home economics; Miss Brenda Sue Heatherly, Harrisburg, Ill., 1961 bachelor degree, Frohardt third grade; and Miss Margot Ann Winkler, Belleville, 1961 SIU bachelor degree, Central junior high art and block classes.

Take time to be friendly — it will bring happiness to you and many other people.

**BARBERAMA TROPHY** winner Norman Brokaw who was given the award this week during convention at Chase Hotel, St. Louis. Competing against 23 others in the men's short haircut category, Brokaw was awarded the trophy for creative styling, expertness of technique and proficiency with instruments. A 20-minute limit was set. An apprentice barber, he is a May 1959 graduate of a barber school, and has been at Brock's Midtown shop since graduation.

He also is a 1958 graduate of Granite City high school, and is the son of Mrs. Lillie Brokaw, 1312 Eighteenth street. Brokaw is a part-time student at the Alton campus of Southern Illinois University, in the school of business.

## Sales Tax Bills Prime Topics In Legislature

(Special from Springfield)  
Legislative action this week centered around sales tax measures with the House on Tuesday advancing to passage stage the state sales tax increase bill. An amendment was defeated that would have added \$5,000,000 to state revenue over the next two years by reducing the 2% collection fee paid to retailers to as low as a tenth of 1% for large stores, retaining the 2% rate for small firms.

Further action on passage is expected momentarily.  
The Senate revenue committee this week called a special hearing for next Wednesday to hear a personal plea from Mayor Daley of Chicago for passage of the proposed city sales tax increase. The Senate defeated the bill earlier but will vote again on a measure that has been passed by the House. Mayor Daley will explain why he feels the bill should be enacted.

Members of the House are still endeavoring to recuperate from last week's most unusual filibuster.  
It started over passage of the bill to permit cities to increase their sales tax from a half-cent to one cent and before it was over, state police were on hand to prevent fist fighting, there was a midnight wrestling match and more than a score of worn and weary elderly lawmakers slept or rested on army cots with nurses close by.

The filibuster was broken after a run of 17 hours and five minutes when House Speaker Paul Powell (D-Vernon), ignored shouted demands for recognition by Republicans and put the vote to a vote with 50 voting for passage and 78 against. The measure now goes to the Republican-dominated Senate where it faces an uphill struggle.

As though in retaliation, the House Democrats with the aid of at least four Republicans voted, 82 to 76, to recall two bills appropriating an approximate \$35 million for the office of Secretary of State Charles F. Carpenter East. The measure can, back from House passage to second reading where it is expected to be held for possible amendments to cut the appropriations unless further filibusters ensue.

The filibuster started when State Rep. John Erlenborn (R-Chicago) defeated in an attempt to require reading of all bills in full, a long and tedious filibustering process, started talking against the city sales tax increase bill. As Erlenborn talked, members yielded their time to him. Others on the Republican side took it up and almost before Speaker Powell who thought he had shut off the filibuster threat, knew it, a full sized one was on.  
The wrestling match was between Reps. Robert Casey (R-

Aurora) and burly Rep. Leo Pfeffer, (D-Seymour) over Pfeffer's attempt to stop the House clock in order to keep the legislative day alive. It took time to place on the House gallery balcony at the rear of the chamber. They scuffled when Pfeffer reached down to stop the clock and Casey sought to intervene. East, Sgt.-at-Arms Joseph, Princeton, broke up the match.

Members, permitted to speak 15 minutes on a bill, read letters from home, some protesting both the proposed city and state sales tax increases with others objecting to a state income tax. Former House Speaker Warren L. Wood (R-Plainfield) called the filibuster the most severe in the last 25 years. Speaker Powell called the state police at the request of several members who complained they had been roughly handled by House employees when they sought to leave the floor.

Army Cots, Fire Trucks  
National Guard army cots and blankets were brought over to the State House from the state armory, just across the street from the Capitol, at the request of the Speaker who said he was prepared to let the filibuster run until its supporters "have consumed" the cots and blankets. Two false fire alarms brought the City of Springfield fire apparatus to add to the excitement.

More than 100 of the army cots were laid in House corridors and in the big Legislative lounge. As there are 177 members of the House, the members Powell told members they could take turns resting. The Democrats had the votes to advance the bill before the house—the one to permit cities to increase the city sales tax—but just as it appeared everyone they would get to a vote there would be a new maneuver such as to adjourn or to raise a point of order, with their subsequent roll calls.

Income Tax Gains  
A proposed state income tax making gains in the House. The House Revenue Committee sent it to the House floor with an 18 to 13 recommendation to pass. The measure has Rep. Stuart J. Traynor (D-Taylorville) as chief sponsor. It proposes a state income tax equal to five per cent of what an individual pays in federal income taxes. Representative Traynor claims this will enable reduction of the state sales tax to one percent by April 1963.

The two branches of the Legislature began working in reverse in attempts to reduce administration appropriations. The Senate voted a five per cent slash in appropriations for departments and agencies under the Governor. Sponsors of the reduced appropriations estimated they will save the state about \$17 million. In the House an economy bloc failed in efforts to slash other state administration bills.

Corporation Taxes  
The House passed and sent to the Senate the administration bill to increase a state tax of 1/20th on corporation franchises and income to 3/20ths. The vote was 118 to 44, and the bill is expected to produce about \$40 million over a two year period. Originally the plan was to tax it so as to bring in about \$60 million but a compromise

between Kerner and House Republican leaders reduced it to the \$40 million figure.

Action by Senators amended a state administration revenue bill to reduce a 5% tax on gross receipts of hotels and motels to 3% by a vote of 27 to 16 and sent the measure to Senate passage. Sen. Russ Arrington (R-Evanston) chairman of the Senate revenue committee, said the effect of the amendment will be to cut expected revenue from an estimated \$25 million for two years to \$15 million.

A House bill to prohibit government-nonprofit jobs for members of the General Assembly was amended and sent to House passage. The program would ban an estimated 41 lawmakers from holding jobs with other governmental units while maintaining positions as assemblymen. It also boosts annual salaries of members from \$6000 to \$9500 and allows an additional pay raise for majority and minority leaders of the two branches.

The salary of House Speaker Powell would be raised to \$12,500 as would that of Senate President Pro Tem Arthur J. Edgewell (R-River Forest) with the salary of the majority leader in each branch being upped to \$11,500 and those of the two party whips, to \$10,500. The pay boosts however, would not be effective until the beneficiaries have gone through another general election.

JP Emergency  
A proposed pilot study project calling for establishment of a hospital for mentally retarded children at Hillsboro and providing a \$2.5 million appropriation, was passed by the Senate, in a 39 to 1 vote. The measure which now goes to the House was sponsored by Sen. William G. Lyons and William Grizzle (D-Darien). Lyons estimated the state would supply between \$600,000 and \$300,000 and the federal government the rest of the appropriation.

## Winning Streaks On Line For Sacred Heart, Mercer In Inter-City League Play

Mercer Funeral Home and Granite City Sacred Heart, which have been up with weather, will seek to extend winning streaks Sunday in the Northwestern Illinois Inter-City Baseball League.

Both clubs, especially the Hearts, got off to poor starts, but are now working on victory streaks of varying length.

The Hearts will be at home in Wilson Park Sunday to White City, in search of their third straight victory. The local club dropped four of its first five starts, but now seems to be rounding into shape behind the steady pitching of John Raina and timely long ball hitting from young players, the mainstay of Lyman Tucker's forces.

Sacred Heart has a long way to come, however. Early season doldrums have the club 3½ games off the Red division pace being set currently by Moose Lodge No. 4 of East St. Louis.

Mercer, showing a knack for winning the close ones, will travel to Troy Sunday for a game with the improved Red Birds, who are within one game of winning as many contests as they did all last season.

Sign Three Players  
Ollie Miller's club, with a four-game winning streak on the line, added some depth, particularly in the pitching department, with the signing of three new players this week.

On the roster now are Ken Cook, a catcher-outfielder; Gary Burnester, an infielder-pitcher formerly with White City; and Paul Boron, a pitcher. At the same time, the club released Ron Parker and Jake Hinterer.

Mercer is virtually tied with McAttee Glass for the top spot in the Blue division, and players on the local club will be more

than interested in the outcome of the weekend's only night game Saturday when the Glasmen play Red Loop second-place team Collinsville at the Booster's home layout, Fletcher Field.

The Moose, rudely shaken by Collinsville last Sunday after winning seven straight, will seek to regain their winning ways in a contest with Maryville at Jones Park in East St. Louis Sunday afternoon.

And it is probable that they will. Last-place Maryville has not won in six outings this spring.

Pocahontas will seek to maintain its fourth-place standing in the Blue division in Sunday's fourth game when Carpenter calls.

## Blues Host To Texas ASA Regional Champs In Saturday Doubleheader

The St. Louis Blues, women's amateur softball association, which has had its troubles winning here the past couple of seasons, will meet the defending Texas ASA regional champion Houston Falstaffettes in a benefit softball doubleheader Saturday night at Wilson Park.

Proceeds from the twin-bill, sponsored by the Granite City Park district, will be used to sponsor the park's boys' and girls' work program and to further their activities at the Lincoln Place recreation center. Park Recreation Director Harold Brown said. Admission is 50 cents.

The Falstaffettes are flying here from Houston especially for the two-game series, and Houston Manager Gene Cope said her squad will bypass its usual expense guarantee in this instance.

Saturday's visitors have advanced to the women's World tournament in three of the last four seasons and, during that stretch are credited with a 160-18 record in 131 games.

Three ASA Titles  
They won Texas ASA championships in 1957, 1958, and 1960, and have an experienced squad of players whose playing time in ASA-sanctioned games totals some 131 years.

The Blues will most likely run up against the Falstaffettes, top hurlers, left-handed Nelda Majors, a competitor since she was a right-hander. Coach Magee, a five-year veteran.

Visitors from Texas Saturday night will be the Houston Falstaffettes, lone star state ASA champions three of the past four seasons. They will engage the St. Louis Blues in a women's softball exhibition doubleheader at Wilson Park, beginning at 7 p.m.

Top offensive star for the Houston club is first baseman Candy Candelario, who hit .319 last year and over the past three seasons has been an all-tournament selection in each of the 10 tournaments where she has played.

Saturday's contests are slated to begin at 7 and 9 p.m. The Falstaffettes are not scheduled against any other club in the area and will fly back to Houston following the series.

Other Games Scheduled  
The Blues, who have more or less adopted the local Wilson Park layout as their "home" diamond because of the excellent facilities there, have three

other doubleheaders scheduled in Granite City against some of the country's top women's teams.

On Saturday, July 22, they will host Topoka, Kan., in two games, and the following day they will play a pair against a Chicago women's team here. The Blues have a "home and home" arrangement with these two opponents.

Highlight of the Blues' exhibition series here will be a doubleheader against the women's world champions, the Raybestos Brakettes of Stratford, Conn., in a single game between the two teams drawn over 2500 fans last season. The twin-bill will be played near on Aug. 2.

The boys' first session began Monday, but the park district is accepting applications for later camps, the first one beginning July 31. Girls' camps are held June 30-31, for one week each.

The park recreation program is offered free, with the exception of rental costs of bowling shoes and fees for out-of-town tours. The sports camps require a \$10 registration fee for one week.

Free Movies  
The first in a series of free weekly movies, open to the public, is being shown on a large screen near the 27th street and Delmar avenue entrance to the park last night and tonight beginning at approximately 8:30.

The showings consist of a full-length feature and a cartoon, and will continue until the end of the summer program in August.

The area will be sprayed for protection against mosquitoes prior to the movies.

Plan to be a homeowner?

A lawyer can answer your questions

Is it all right to sign all those papers? Is the property you're buying exactly as described? Who pays the taxes for this year? Which is the best way to take title—in joint tenancy or solely in your name? (There may be a tax advantage, in your case, by not owning the home in joint tenancy with your wife.)

Your lawyer knows the answers. He will explain the purpose of each paper, make certain that your rights are protected, give you the best advice about the question of joint tenancy, in terms of your personal circumstances.

Your lawyer will explain to you, also, the importance of receiving a good title. The safest way to be sure is to ask the seller to provide a title insurance policy from Chicago Title and Trust Company.

## Workers At 63 Local Firms To Top 15,000 By Mid-July

With employment at 63 major firms totaling 14,486 as of mid-May, the local Illinois State Employment Service office estimates that this will rise by 600 to a 15,086 level by July 15.

The ISES forecast of an 856 gain in employment at primary metal industries compares closely to the results of a Press-Record survey earlier this month showing a brighter employment outlook at Quad-City plants.

The ISES also lists probable increases of 21 in petroleum refining and related industries, 12 in government, 11 in retail trade, nine in rubber and plastics products, five in food and kindred products, five in professional, educational and related services, three in finance, insurance and real estate, two in contract construction.

### Pleas Guilty To Two Charges; Fined \$20

Pleading guilty to both charges, Mrs. Florence Ballhouse, 37, of East St. Louis, was fined \$10 each Tuesday on counts of being intoxicated in public and driving in the wrong lane.

Justice of the Peace Harry Hartman reported that Mrs. Ballhouse had been arrested by state troopers Sunday morning on Route 111 near State Route 66.

## New Real Estate Firm Gets Corporation Charter

The Raegel Real Estate and Insurance agency, 3307 Wabash avenue, in operation here since June 1, this week received a state corporation charter. It was announced by Charles F. Carpenter, secretary of state.

Officers of the new corporation are Ray M. Raegel, president; Henry W. Ross, vice president; and Daniel M. Raegel, secretary. The company was formed to serve as exclusive selling agent for Ross's Dream Villa, subdivision, part of which is under construction south of Johnson road. The development is to contain 400 to 500 homes in a 200-acre tract. Sixty homes have been erected.

The charter authorizes sale of 500 common shares at \$100 each.

# EDITORIAL

## "Parochial" Viewpoint Seems To Be Matter Of Whose Ox Is Being Gored

It seems to be a matter of whose ox is gored. When the Press-Record took a dim view of the proposed Columbia Bottoms industrial park site, there were some St. Louisians who thought this newspaper was being too parochial, that its viewpoint was narrow, even selfish. Ignored was the fact that more, better and cheaper sites are available here; the burden of their argument was that whatever helps St. Louis also helps the "East Side."

We hope these same St. Louisians will pardon a little chuckle we got out of reading a recent editorial in a St. Louis newspaper. After reviewing iron ore explorations in that state, the editorial expressed the hope that research would indicate "Missouri (could) meet some of its own steel requirements by processing Missouri ore in a Missouri mill."

Who is being parochial now? Granite City Steel Corp., which also has a substantial interest in Missouri iron ore, has been doing an outstanding job in meeting the steel requirements of the middle west market, and also in attracting related steel fabricators to the Quad-City area. There is no need for another steel plant; there's also more to producing steel than just mining ore.

It seems to us this "metropolitan" viewpoint about which the St. Louis Chamber of Commerce constantly prates should be a two-way street; what helps the Illinois Metropolitan Area also helps the "West Side."

At the risk of seeming naive to some, we believe this to be true; we also believe it can be made to work if there is sincerity on both sides of the river and not merely lip service.

## Distance Dialing Will Speed Handling Of Calls

Telephone calls to county offices at Edwardsville and calls to such cities as Alton and St. Louis will be speeded as a result of inauguration of direct distance dialing in the Quad-Cities this fall. Many areas have been able to dial directly to the local code zone, 618; late this year, such dialing can originate here.

While there will be no change in telephone rates, we suspect more toll calls will be made because of the greater ease and speed. Nevertheless, it will be a major advance for the Quad-Cities to be fully linked to the nationwide dialing system, which affords contacts in a matter of seconds with virtually all sections of the country.

## Robbery A Poorly Paying Profession In Illinois

Robbery, aside from being an illegal and extremely hazardous practice, pays quite poorly, judging by latest reports. A survey of Illinois banks shows six holdups already this year, compared to one in 1960, but five of the six bandits have been captured, one of them being badly wounded. Captures occurred in two of the four 1961 bank burglaries; in the other two, the only loot was described as a few paper clips.

The old saying that "crime does not pay" is becoming truer every day, what with modern technology and greater realization that large sums must not be left in vulnerable locations. Based on the \$864 average loot from this year's ten crimes involving banks—where most of the money is—it would be more lucrative for thieves and robbers to get a job.

The probable fate of the two soldiers apprehended for a series of robberies and murders here and in other states certainly is no inducement for others to commit such offenses.

Reading books is not always a short cut to culture; it depends upon what you read.

## Circuit Court Ends 169 Cases In May

The County Circuit Court at Edwardsville completed 169 cases during the month of May. Of the total, 157 civil cases were terminated and 12 criminal cases were disposed of, according to Willard V. Portell, clerk of the court.

Civil cases still pending number 1788, a reduction of 36 from the total at the beginning of May. Criminal cases pending increased by three to 130. Of the 157 terminate civil cases, 60 were jury and 97 non jury.

## Tentative Venice Twp. Road Budget Prepared

The annual Venice township road budget has been prepared in tentative form and will go on public display tomorrow at the township office, 1502 Fifth street, Madison, it was announced today.

A public hearing is to be held at 7 p.m. July 18 on the budget, which is for the fiscal year of June 1, 1961-May 31, 1962. Final action is to be taken by Highway Commissioner Frank Kimack at a meeting immediately following the hearing at the township office.

## Penalties Will Enable County Tavern Closing Time To Be Enforced

Madison County's Board of Supervisors has taken a long stride forward in the field of law enforcement by putting "teeth" into the tavern closing hour law. With past manpower additions and the new law, the sheriff's staff now has the tools to do an efficient job.

The long-delayed county action following violence and other law violations—including a fatal stabbing—associated with late operation of taverns, reminiscent of the conditions in Venice preceding repeal of that city's 4 a.m. closing law.

The improvement already noted locally bears out the wisdom of the Venice council's action and gives hope that greater respect for the law will develop in unincorporated areas, where the 1 a.m. law has been in effect for many years but has not been strictly enforced—until now. With determined action by deputies, backed up by fines on first offenses and fines and license revocations for second violations, the uniform county tavern closing time can be made a reality.

## Honors For Local Fathers On Their "Day" Sunday

"When I was a boy of 14, my father was so ignorant I could hardly stand to have the old man around. But when I got to be 21, I was astonished at how much he had learned in seven years." These humorous but sage words of Mark Twain come to mind in thinking about fathers—those sometimes unappreciated but still indispensable members of the family circle—who will be honored on their "day" Sunday.

The former image of fathers as revered and instantly obeyed patriarchy is no more, but there is no minimizing the importance of their role in society. Not only is "dad" the breadwinner but also the advisor, companion, disciplinarian, instructor and protector. On him rests at least half the responsibility for molding his children during their formative years. While only one among many millions in the world, he is very nearly the world itself when viewed from a crib.

When fathers care enough to conscientiously inform, entertain, counsel and inspire their offspring, the youngsters generally are well-equipped to make their way upon reaching maturity. When home life is inadequate the reverse is true. Fathers who are fulfilling their duty—one of the most important responsibilities there can be—will rate a hearty salute this weekend.

## No Widespread Clamor For City Sales Tax Hike

The protest registered at Springfield by local businessmen opposed to higher sales taxes seems well justified. The proposed city sales tax increase, in particular, makes little sense, especially to Illinois border cities.

When a municipal sales levy of a half-cent on the dollar was authorized by the state in 1955, the legislature's action followed long and loud complaints by mayors and city councils that they had insufficient tax resources with which to operate. The General Assembly boosted the state tax from two to two and a half cents and left it up to the cities to boost the total to three cents. All three local cities approved the tax effective Feb. 1, 1956.

Since then, the state has added another half-cent for a 3½-cent total. Now it is considering another one-cent boost—half for the state treasury and half for municipalities—even though most cities are in good financial condition. No widespread clamor for aid to the cities has been heard, except from the city of Chicago.

When a sales tax soars to stratospheric heights, such as 4½%, there is danger that the law of diminishing returns will reduce the expected revenue. In fringe areas like the Quad-Cities, the increase also could prove disastrous to Illinois businesses while aiding out-of-state firms. We hope that the city tax proposal falls by the wayside this month.

# Butler Named To Attend Summer Debate Class

Robert O. Butler Jr., 3164 Aubrey avenue, is one of 16 outstanding high school debaters selected to attend the 10th annual Illinois Summer Debaters' Workshop June 18 to July 1 at the University of Illinois. Prof. Halbert E. Gullay, director, has announced.

Selection of students was based on recommendations of their high school debate directors. Butler is the student of Miss Mary Blackburn at Granite City high school.

Students will spend two weeks in intensive study, practice and performance debating the question, "Should the federal government equalize educational opportunity by means of grants to the states for public elementary and secondary education?"

Special workshop feature will be Parents' Day July 1, when participants will present a problem-solving debate and a public speaking symposium. The four debaters receiving highest ratings in a four-round tournament will take part in a championship debate.

# Registration For Scout Day Camp Ends Tomorrow

Deadline for registration for Camp Lakota, the Tri-Cities Council Girl Scout day camp near Glen Carbon, has been extended until tomorrow evening due to the increasing number of girls signing up.

Girls interested in any of the four one-week sessions beginning July 10 may register at the Girl Scout office before 5 p.m.

Scout officials have anticipated a record number of girls attending the camp this year and have increased the number of sessions to four. Last year 325 girls attended three sessions. The maximum number of girls attending each week is limited to 36.

In its third year of operation at Camp Lakota, the day camp is staffed by a director, volunteer leaders and senior girls who serve as counselors. Brownie and intermediate scouts participate as well as the older girls.

Everything needed during the week is furnished by the council. Bus transportation each day, meals, insurance and handicraft equipment are all included in the \$6 per week fee.

Besides handicraft work, the girls cook their own meals, go on hikes, study plants and play games.

Classes will begin June 20 and end Aug. 10, being conducted from 2 p.m. to 4 p.m. each Tuesday and Thursday. Registration will be at 2 p.m. Tuesday at Alton.

To be taught by Mrs. Evelyn Buddemeyer, instructor-lecturer in fine arts, the workshop will contain many types of introductory art projects and will employ a variety of materials to show art as a creative activity.

Electrical servants that function  
smoothly, automatically . . .  
to take the drudgery out of  
housework . . . to give you  
time for the other interests  
that keep a woman looking  
and feeling younger than her  
years. If you haven't shopped  
the new electric appliances  
recently, do it now. You  
owe it to yourself!

## DeMolays Oppose Federal Aid To Parochial Schools

The International Supreme Council of DeMolays has restated its position on separation of church and school, recently passing a resolution opposing federal aid to parochial schools, James Stuart, advisor of the local chapter reported this week.

Stuart said no local action was needed for passage since the measure is based on principles drawn up in 1919. He said that at each public installation of officers, the membership vows to uphold the idea.

He said it is the belief of the DeMolays that support of public schools is a fundamental right and that complete separation of church and school is essential to liberty.

## SU Centers Offering Four Summer Workshops

Southern Illinois University's two local residence centers are offering special courses and workshops this summer in fields ranging from Milton to marriage counseling.

At the Alton center, two workshops and a new English course are being offered for the first time, beginning June 19. The first workshop will be in elementary school foreign language instruction, designed particu-larly for persons not to pre-sently teaching language in the schools. Instruction will be given in German, French and Spanish.

The other workshop at Alton will also be for teachers and will be collected locally during the week of June 19 in the Current Population Survey. It was announced today by Director Taylor W. Golden of the U. S. Census Bureau's regional office at St. Louis.

The information collected from local families will be com-bined with that collected in 323 other areas of the country to provide the national estimates. Approximately 25,000 fam-ilies are included each month in the Current Population Survey. These include all selected at random under the Census Bureau's scientific sampling pro-cedure to provide a representative cross-section of all classes of the population, and all types of areas in the country — large cities, small towns, rural areas and so forth.

Facts on employment and un-employment collected locally are forwarded to Census Bureau headquarters in Washington to be processed by the Bureau's electronic computer, known as Univac, to provide the national estimates. The national report covering the information col-lected during the week of June 19 will be issued in Washington early in July.

Current Population Survey in-formation will be collected from a number of local families by Mrs. Dorothy Groh and Mrs. Vera Faniel.

Directed by two SU sociology professors, an intergroup rela-tions workshop will be open to any interested persons.

Further information about any of the sessions may be ob-tained from the registrar of the appropriate center.

## 3 Elected To Offices In Area JA Association

Three of the four elective offi-ces in the Mississippi Valley Area Junior Achievers' as-sociation have gone to repre-sentatives of the Granite City JA center, who returned from the area JA management conference this week.

The three-day conference was held at Camp Don Bosco, near Hillsboro, Mo., where George Haven was elected vice-presi-dent of the association, Bernadette Acquaviva, secretary, and Marianne Wagner, treasurer. They were among 20 Junior Achievers from the Granite City JA center at the conference. Eight of the delegates received the junior executive award, the second highest individual pro-gressive award obtainable in Junior Achievement.

## Three Autos Damaged In Madison Ave. Crash

Three autos, one of them parked, were damaged Tuesday evening in an accident in the 2600 block of Madison avenue. No injuries were listed.

Police said George Amish sr., 52, of 2606 Madison avenue, was making a right turn into the driveway at his home, as Leo Boyd, 24, of Rural Route One, was driving north. Boyd said his attention was diverted by another auto entering Madison avenue and the collision occurred in which Amish's auto was knocked into the parked car of George Amish jr., 20, also of 2606 Madison avenue.

## Lions To Erect Another Venice Park Shelter

Summer plans were made at the Venice Lions club held a regular dinner meeting Monday evening at the American Legion Post 207 Home, with 27 members present. Henry McMullen, president, was in charge of the business meeting, and a new flag which the club recently purchased was presented and displayed by Boy Scout Troop One.

It was decided that July 9 will be the day for the club to erect another shelter in Lee Park, and on July 30 the annual river excursion will be held, with William Ebersold appointed chairman.

A discussion was held on the club's annual project of painting a home in Venice, and this will take place on Sept. 17, with Charles Simmons as chairman.

## Roca Gold Picnic Sunday At Greenville

The Roca Gold chapter is holding a club picnic this weekend, in addition to the regular record dance tonight at Big Top Bowl. The picnic on Sunday at Greenville park will include swimming and box lunches. The group plans another picnic and swimming party on July 9 at Chain of Rocks park. Tickets are available from any Roca member.

For next week the club plans a Thursday dance and a weekend camping trip to Crab Orchard state park in Carbondale.

## Speeding Ticket

James D. Faulkner, 42, of 1728 Market street, was issued an arrest ticket Tuesday afternoon by Granite City police on a charge of speeding at 21st and Quincy streets. He posted his driver's license as bond.

## GC Band Parents Hold Supper, Elect Officers

The Granite City High School Band Parents' Association met Tuesday evening for a pot luck supper and elected officers for the coming year.

Newly elected officers are Sidney Strubbe, president; Ted Kuwala, vice-president; Don Cox, treasurer; Mrs. Lillian Frey, secretary; and Mrs. A. E. O'Dell, corresponding secretary.

A donation of \$50 to the association by American Legion Post 113 was announced to the more than 100 persons in attendance. Slides of the recent band tour of Houston and Galveston, Tex., were shown.
